Subject: Expedited Long-Term Procurement (E-LT1) Informational Webinar: Contract Design and Next Steps

Good Afternoon,

The IESO would like to thank stakeholders for their feedback on the E-LT1 revenue models.

Based on support for the original capacity-based revenue model, the IESO will be proceeding with its original model and will be posting the final E-LT1 procurement materials on December 6. To prepare for the launch of the E-LT1 RFP process, the IESO has scheduled an informational webinar on **Monday, December 5 from 10:00-11:30am** to outline key changes in the final versions of the E-LT1 RFP and Contract, and will also be providing some guidance for the Proposal Submission phase. During this webinar, the IESO will also present the detailed procurement schedule, including the process that will govern the Question and Comment Period.

Please visit the [Long-Term RFP engagement page](#) to register for the webinar.

The IESO appreciates continued stakeholder interest and feedback throughout the development of the E-LT1 process.

++

This email is being sent to all LT RFP stakeholders
