Hi folks,

I want to thank you all for the meeting and having that engagement meeting.

1. We are a packager of various energy solutions, and would see benefit of opening up the door to more customer selling to the grid.
 - a. Multiple greenhouse growers have upwards of 6 meg or more that they would be happy sell to the grid.
2. Also we have a number of customer with biogas digestors that do not have contract to sell to the grid.
 - a. We suggest that ieso opens up an option or options that they could get a connection agreement to sell to the grid.

Thank you very much for your considerations.

We would be happy to have a meeting and discuss this in more detail.

Thanks again,
