## LT1 RFP Design and Lessons Learned from E-LT1 RFP

Topic	Feedback
E-LT1 RFP: Please provide any general feedback reflecting on your participation in the E-LT1 RFP as it relates to the upcoming LT1 RFP.	
LT1 RFP design: Please provide any feedback on the proposed Mandatory Requirement for Municipal Support.	We strongly support the proposed Mandatory Requirement for a Municipal Support Resolution. By obtaining a Municipal Support Resolution ahead of proposal submission, both project proponents and municipal councils will have greater visibility into the procurement process and more accurate expectations on timelines and requirements. Accordingly, requiring municipal support at an earlier stage in the process will help to ensure stable, long-term planning and future reliability. Local buy-in at the outset of a proposal will also help to mitigate local opposition and will ensure that energy projects are not forced upon communities.
LT1 RFP design: Please provide any feedback on the Rated Criteria Categories and Point Allocation.
