Subject: IESO's Response to Transmission Rights Clearing Account Disbursement Methodology Feedback Now Posted

Good morning,

Further to the communication sent out to Market Development Advisory Group (MDAG) stakeholders on May 8, the IESO will proceed with the revised proposal on the Transmission Rights Clearing Account (TRCA) disbursement methodology presented at the April 2 MDAG webinar to the May 26 Technical Panel (TP) meeting, seeking a vote to post for broader stakeholder review and comment. The full package of TRCA materials for the TP meeting is now posted on the [TP webpage](#). The TP package includes the IESO's response to stakeholder feedback received on the TRCA revised proposal. This response to feedback document is also posted on the [MDAG webpage](#).

Feedback received on the other items presented during the April 2 MDAG webinar, including the Expanding Participation in Operating Reserve and Energy and Transmission Rights Market Review initiatives, will be posted to the MDAG webpage shortly and a communication will be sent out to this group as notification.

If you have any questions, please email engagement@ieso.ca.

Thanks,

Dale Fitzgerald
