Subject: Updated Impact Analysis for TRCA Disbursement Methodology Now Posted

Good afternoon,

On May 26, the IESO presented the market rule amendment proposal on the TRCA disbursement methodology to the IESO's Technical Panel (TP) requesting that the Panel vote to post the materials for stakeholder review and comment. The TP voted in-favour of posting the proposed rule amendment for broader stakeholder comment. During the discussion with the Panel, a member requested that the IESO conduct additional analysis on the impact the TRCA disbursement methodology may have as a result of the COVID-19 pandemic.

This analysis is now available on the [Market Development Advisory Group](#) webpage for your review and comment. We are asking stakeholders of the TRCA initiative to review and provide any comments they may have by **June 18 at 3pm** in order to bring those perspectives to the next TP meeting on June 23 where the Panel will be asked to vote on recommending the rule package for review and recommendation by the IESO Board of Directors.

Thanks,

Dale Fitzgerald
