Market Renewal Program: December 2024 External Readiness Assessment Survey Results Summary

William Whiting

MRP Readiness Business Advisor – LDCs, Transmitters and Loads

Overview of External Readiness Assessment Surveys

- The MRP External Readiness team will conduct an assessment of market participant readiness over the next 2 years through a series of surveys
- Objective: mitigate the risk of market participants being unprepared for changes to technology and market operations at Go-Live
- Benefits: highlight potential issues earlier allowing the IESO to course-correct readiness efforts

External Readiness Assessment Timeline

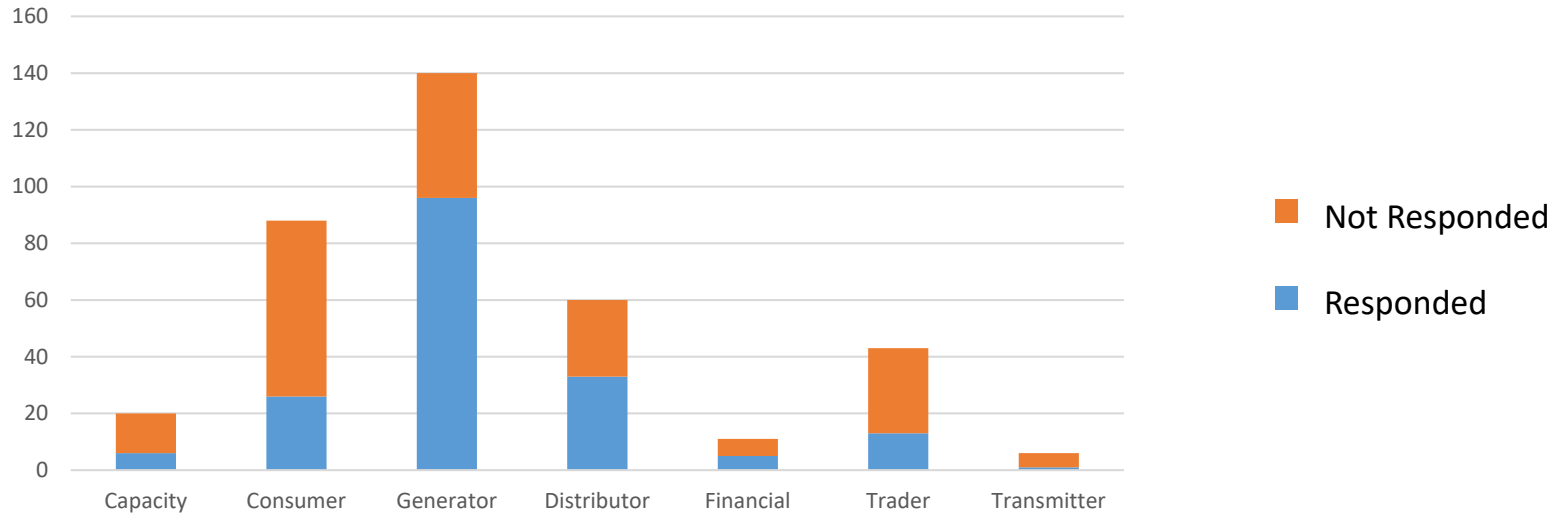

Timing	Assessment	# of Participants
Q2 2023	Assessment 1	18
Q3 2023		
Q4 2023	Assessment 2	All*
Q1 2024		
Q2 2024	Assessment 3	All
Q3 2024	Assessment 4	All
Q4 2024	Assessment 5	All
Q1 2025	Assessment 6	All
Q2 2025	Assessment 7	All

- Assessment 2 had 180 Market Participants responding to the survey

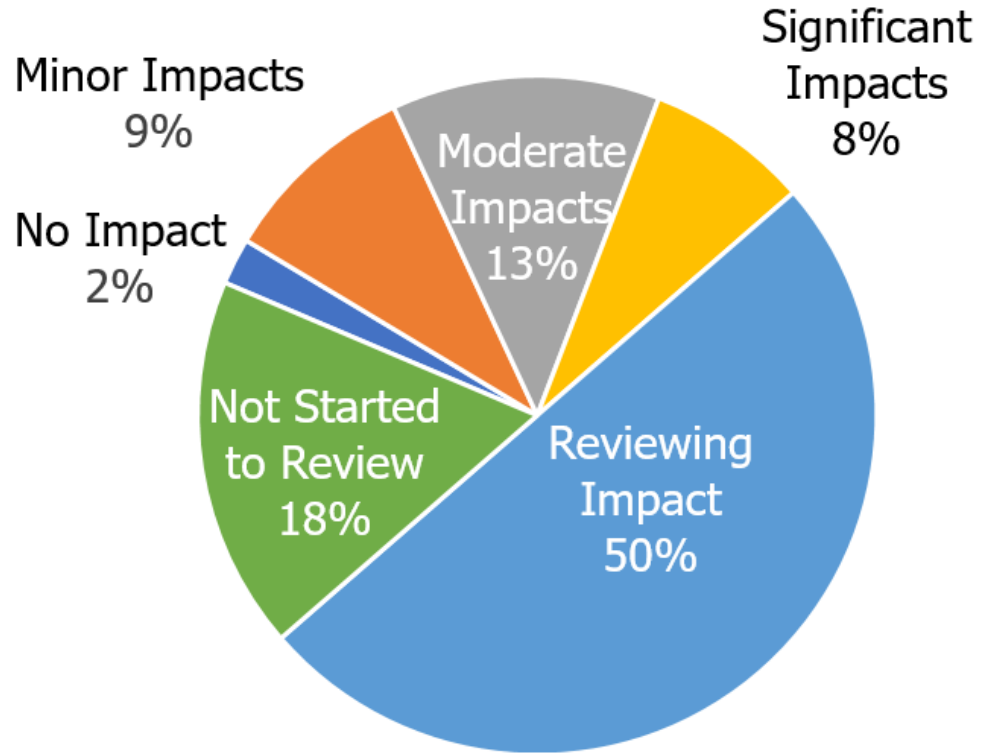

Assessment 2: Survey Respondents

- Half of the Market Participants (180 of 368) that may be impacted by MRP responded and response rates for those with larger impacts (generators and distributors) were highest

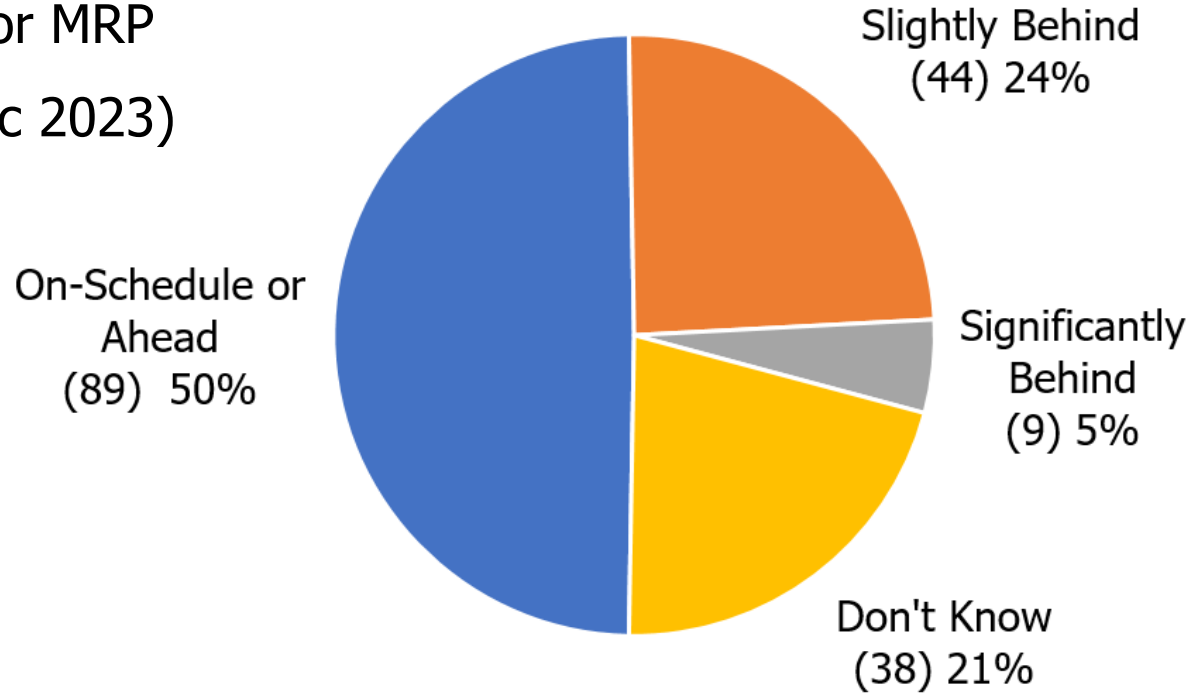

Assessment 2: Overview of Survey Results

Impact of MRP on
your Organization
(MP Opinion,
as of Dec 2023)

Assessment 2: Overview of Survey Results

State of Preparation for MRP
(MP Opinion, as of Dec 2023)

Assessment 2: Overview of Survey Results

Will MPs participate in MRP Testing?

- Asked about Online IESO, EMI, Dispatch, Reports; including APIs
- 80% of respondents plan to test for at least one of these systems
- Remainder were “Not Decided Yet”, 1% are planning “no testing”

Next Steps

- Assessment 3 is scheduled in Q2 2024 and will be similar in format to the December survey.
- IESO MRP team will be reviewing the data in greater detail for insights on improving our implementation resources, especially for “behind schedule” participants
- IESO is currently reaching out all MPs who didn’t participate, to increase response rates of surveys going forward.
