Subject: Improving Accessibility of Operating Reserve

We are writing to inform you that the IESO inaccessible operating reserve settlement charge associated with the [Improving Accessibility of Operating Reserve stakeholder engagement](#) will not go-live with the initial implementation of the Replacement Settlement System (RSS) as previously planned. The earliest that the inaccessible operating reserve settlement charge can be implemented is Q1, 2023. We will inform stakeholders as soon as possible when the next implementation date has been confirmed.

Regards,
IESO Engagement
