Title: Senior Market Specialist

Organization: Ontario Power Generation

Email: [REDACTED]

Date: November 14, 2022

Following the October 24th public webinar on the IESO Registration Timelines, the Independent Electricity System Operator (IESO) is seeking feedback from participants on the proposed change.

The referenced presentation can be found on the [Registration Timelines engagement page](#).

Please provide feedback by November 11, 2022 to engagement@ieso.ca. Please use subject header: *Registration Timelines*. To promote transparency, this feedback will be posted on the [Registration Timelines engagement page](#) unless otherwise requested by the sender.

The IESO will work to consider and incorporate comments as appropriate and post responses on the webpage.

Thank you for your contribution.

General Comments/Feedback

Topic	Feedback
Average period	For the examples provided, is the average period in calendar or business days?
Maximum period	Will the maximum days be provided by change type and what can be expected from the IESO should processing of a change take longer than the maximum days?
Maximum period	Can you please provide a definition for maximum period?
Minimum period	Can you please provide a definition for minimum period?
Period updates	Will the minimum, maximum, or average periods be updated on a regular basis to reflect IESO's internal process resourcing?
Change Types	What is the methodology of how the change types were grouped and to what granularity will the published change type list be at?
Network Model Build schedule	Can you clarify how the period timelines provided for minimum, average, and maximum align within the NMB schedule?
Network Model Build schedule	Please clarify how the NMB schedule aligns with when information is updated on Online IESO records?
