SECTION 1 – INTRODUCTION

1.1 Independent Electricity System Operator

- (a) The Independent Electricity System Operator (the “**IESO**”) works at the heart of Ontario’s power system as the system operator, directing the flow of electricity across the grid and administering the wholesale electricity market. It sets the hourly Ontario electricity price and ensures there is enough power to meet the province’s energy needs in real time. The IESO works with stakeholders and communities across the province to plan and secure energy for the future, as well as to guide conservation efforts in Ontario. The IESO has a role in planning for and competitively procuring resources that meet Ontario’s needs today and into the future. These may be met through diverse resources such as wind, solar, hydro, biomass, nuclear, natural gas, demand response, conservation, storage or other innovative technologies.
- (b) The IESO is governed by an independent board of directors that is appointed by the Government of Ontario. Its fees and license are set by the Ontario Energy Board (the “**OEB**”) and it operates independently of all other participants in the electricity market.
- (c) Credit ratings for the IESO have been issued by Moody’s and DBRS Morningstar. Additional information about the IESO can be obtained from www.ieso.ca.

1.2 Purpose and Background of the LLT(e) RFP

- (a) After more than a decade of strong supply, Ontario is entering a period of emerging electricity system needs, driven by increasing demand, the refurbishment of nuclear generating units, as well as expiring contracts for existing facilities. Recognizing the necessity to address these needs in a timely, cost-effective and flexible manner, the IESO has engaged with stakeholders in the development of a resource adequacy framework. As Ontario’s electricity system evolves to become more diverse and dynamic, procurement processes must evolve along with it. The resource adequacy framework published on the IESO’s website targets robust competitive processes that focus on cost-effective reliability, while more effectively balancing ratepayer and supplier risk in this changing environment.
- (b) As set out in the directive of the Ontario Minister of Energy and Mines issued to the IESO pursuant to subsection 25.32 of the Electricity Act dated ● (the “**Ministerial Directive**”), this Long Lead-Time Energy Supply RFP (the “**LLT(e) RFP**”) is intended to competitively procure year-round energy generation services with an aggregate Expected Annual Imputed

Production of [1,000 GWh] (the “Total Target Annual Energy”) from LLT Energy Projects.

- (c) The Selected Proponents of the LLT(e) RFP are required to enter into a Long Lead-Time Energy Supply Contract in the form set out in APPENDIX B (the “LLT(e) Contract”) with the IESO for a commitment period commencing on the Commercial Operation Date of the LLT Energy Project as set out in the LLT(e) Contract expiring on the fortieth (40th) anniversary of the Commercial Operation Date (the “Commitment Period”).

1.3 Defined Terms and Statutory References

- (a) Capitalized terms used in this LLT(e) RFP have the respective meanings ascribed to them in APPENDIX A. Terms and acronyms used in this document that are italicized have the meanings ascribed in *Chapter 11* of the Market Rules available on the IESO’s website.
- (b) Capitalized terms used in Section 2.2 but not otherwise defined in the LLT(e) RFP have the meanings given to them in the LLT(e) Contract.
- (c) Unless otherwise expressly stipulated, any reference in this LLT(e) RFP to the Market Rules or to a statute or to a regulation or rule promulgated under a statute or to any provision of a statute, regulation or rule shall be a reference to the Market Rules, statute, regulation, rule or provision as amended, supplemented, re-enacted or replaced from time to time.

SECTION 2 – ELIGIBILITY AND CONTRACTUAL REQUIREMENTS

2.1 Eligibility Requirements

- (a) *Team Member Experience*
 - (i) The Proponent shall meet the Team Member Experience set out in this Section 2.1(a).
 - (ii) The Proponent must have individual Designated Team Members that have had managerial authority in respect of Planning, Developing, Financing, Constructing, or Operating of at least one (1) Qualifying Project such that, collectively, at least two (2) Designated Team Members have such managerial experience on a Qualifying Project across all five of the categories of Planning, Developing, Financing, Constructing and Operating (the “**Team Member Experience**”). The Proponent may have more than two (2) Designated Team Members on its Proponent Team to satisfy the aggregate Team Member Experience requirements relating to each

of the Planning, Developing, Financing, Constructing and Operating requirements (for instance, if a Designated Team Member does not have experience in all of the five categories). For greater certainty, the experience of the Designated Team Members does not need to have been earned with the same Proponent or Control Group Member.

- (iii) The Team Member Experience claimed for each Designated Team Member submitted as a part of the Prescribed Form: Proponent Information, Declarations and Workbook (Energy) pursuant to Section 2.1(a)(ii) must be supported by an accompanying statutory declaration of an officer of the Proponent in respect of the information submitted in respect of Team Member Experience.

(b) *Single Person*

Each Proponent shall be a single Person and may not be an unincorporated joint venture of multiple Persons.

(c) *LLT Energy Project*

- (i) Each Proponent shall make the necessary investments to successfully develop, own, operate and maintain a New Build hydroelectric Electricity generating facility with a Nameplate Capacity equal to or larger than one (1) MW, which does not utilize Pumped Hydroelectric Storage, which delivers Electricity through its own meter (for clarity, “its own meter” means a meter not used by any other facility) in accordance with all Laws and Regulations to the *IESO-controlled grid*, and can participate directly in the *IESO-administered markets* and supply energy during the Commitment Period (a “**LLT Energy Project**”), should they be offered an LLT(e) Contract. Each Proposal must be specific to a single LLT Energy Project. Where an LLT Energy Project is the subject of a Proposal under this LLT(e) RFP, such LLT Energy Project may not, during the period between the submission of the Proposal and the conclusion of this LLT(e) RFP be the subject of a proposal submitted under any other procurement process for New Build resources administered by the IESO. **[NTD: other considerations for technology eligibility, such as technical capabilities in respect of ramp rate, telemetry and IT systems to enable regulation services (at COD or in future), for facilities that are able to provide 20 MW (±10 MW) regulation above their minimum loading point under consideration.]**
- (ii) Proponents are reminded of the necessity to comply with Laws and Regulations, including for greater certainty the Distribution System Code, the Transmission System Code, the Market Rules and requirements of any applicable Municipalities, local service boards, conservation authorities, Indigenous Communities or other applicable authorities, as each may be applicable to their LLT Energy Project. Proponents should be aware of required approvals, including environmental and municipal approvals, which may be required prior to construction of their resources, if applicable.
- (iii) Proponents are reminded of the important role that effective engagement with Indigenous and local communities, including Municipalities, play in the successful planning, development and operation of their Electricity resources and must be prepared to undertake their appropriate role in such engagement and address the interests or concerns of such communities in good faith and in compliance with Laws and Regulations. Proponents are encouraged to conduct early engagement with all Municipalities and Indigenous Communities that may be impacted by their proposed LLT Energy Project and to inform such communities of the proposed location of

the Project Site as early as possible. Proponents are also reminded that certain permits and approvals for the proposed LLT Energy Project may trigger consultation requirements with Indigenous Communities.

- (iv) For any Proposal where the Project Site is proposed to be located in whole or in part on Indigenous Lands, the Proposal must include an Indigenous Support Confirmation as a part of the Prescribed Form: Evidence of Indigenous Support (Energy), which Indigenous Support Confirmation must (among other things) confirm the delivery of a Pre-Engagement Confirmation Notice to the applicable Local Body Administrator dated no later than sixty (60) days prior to the date of the Indigenous Support Confirmation .
- (v) For any Proposal where the Project Site is proposed to be located in whole or in part on Municipal Project Lands, the Proposal must include a Municipal Support Confirmation as a part of the Prescribed Form: Evidence of Municipal Support (Energy), which Municipal Support Confirmation must (among other things) confirm the delivery of a Pre-Engagement Confirmation Notice to the applicable Local Body Administrator dated no later than sixty (60) days prior to the date of the Municipal Support Confirmation.
- (vi) For any Proposal in respect of a Crown Land Project, the Proponent must submit a letter from the Ontario Ministry of Natural Resources substantially in accordance with the form set out in Exhibit C of the Prescribed Form: Access Rights Declaration (Energy) confirming that a completed Crown Land Site Report Form has been submitted by the Proponent and has the “endorsement” by the Ontario Ministry of Natural Resources in respect of the applicable lands as required by section [●] of the Ministerial Directive (an “**MNR Confirmation Letter**”). Additionally, any Proposal in respect of a Crown Land Project must include one or more Crown Land Shapefiles mapping the boundary of the Project Site (and separately, that of any included Proposal PQ Alternates) that is consistent with Project Site information included in the Crown Land Site Report Form as part of the Prescribed Form: Access Rights Declaration (Energy).
- (vii) For any Proposal where the Project Site is proposed to be located, in whole or in part on Unincorporated Territory, the Proponent must submit a letter from a Land Use Planner addressed to the Proponent and the IESO, that includes the seal or certificate of such Land Use Planner issued by the Ontario Professional Planners Institute, confirming that the Project Site (or applicable portion of the Project

Site) is located on Unincorporated Territory and confirming whether the Project Site (or applicable portion of the Project Site) has been designated as a Prime Agricultural Area or Specialty Crop Area (a “**Confirmation of Unincorporated Territory**”) as part of the Prescribed Form: Confirmation of Unincorporated Territory (Energy).

(d) *Agricultural Lands*

- (i) The Project Site in respect of an LLT Energy Project may not include any lands located in areas designated as Specialty Crop Areas as of the Proposal Submission Deadline.
- (ii) Where the Project Site in respect of an LLT Energy Project includes any lands located in areas designated as Prime Agricultural Areas as of the Proposal Submission Deadline, the Proponent shall:
 - (A) as a part of the Prescribed Form: Evidence of Municipal Support (Energy) provide confirmation from the Local Municipality that the AIA Component One Requirement has been completed to the satisfaction of the Local Municipality; and
 - (B) if selected as a Selected Proponent, pursuant to the LLT(e) Contract complete an AIA Components Two and Three Requirement and provide confirmation from the Local Municipality that such AIA Components Two and Three Requirement has been completed to the satisfaction of the Local Municipality as described in further detail below.

(e) *No Connection Impact Assessment Prior to Contract Award*

For any Proposal in respect of an LLT Energy Project seeking to connect to a Distribution System, the LLT Energy Project may not be the subject of a Connection Impact Assessment (whether issued or pending) submitted by or on behalf of the Proponent or any of its Affiliates as of the Proposal Submission Deadline and the Proponent must refrain from submitting a Connection Impact Assessment in respect of such LLT Energy Project until such time as it has either been notified that its Proposal has not been selected pursuant to Section 5.4(a) or entered into the LLT(e) Contract in respect of such LLT Energy Project. Where any Connection Impact Assessment in respect of a Proponent’s LLT Energy Project has previously been submitted to an LDC, such Connection Impact Assessment must be rescinded and permanently revoked prior to the submission of a Proposal in respect of such LLT Energy Project.

(f) *Connection Point Requirements*

- (i) In submitting its Connection Point as a part of the Proposal in the Proposal Workbook, a Proponent may provide a single Circuit or Feeder, as applicable, or, where multiple connections to Common Corridor Circuits or Common LDC Feeders may be applicable, the Proposal may specify a Connection Point comprised of:
 - (A) for connections to a Transmission System, up to four (4) Circuits that are Common Corridor Circuits; or
 - (B) for connections to a Distribution System, up to four (4) Feeders that are Common LDC Feeders.

For clarity, if a Connection Point is comprised of multiple physical connections to Common Corridor Circuits or Common LDC Feeders, all such connections must be either to a Transmission System (using only Common Corridor Circuits) or to a Distribution System (using only Common LDC Feeders) and no eligible Connection Point may be comprised of a combination of Circuits and Feeders.

- (ii) Subject to Section 2.1(f)(i), if the LLT Energy Project is proposed to have multiple connections to Common Corridor Circuits or Common LDC Feeders, as applicable, the Proponent shall propose the portion of the proposed Contract Capacity (in MW) to be allocated to each Circuit or Feeder, as applicable, in the Proposal Workbook, subject to a minimum allocation of one (1) MW to each such Circuit or Feeder, and may designate one alternative allocation of the proposed Contract Capacity to any other Circuits or Feeders that are all Common Corridor Circuits or Common LDC Feeders, as applicable. Additionally, if the LLT Energy Project is proposed to have a single electrical point of connection to a Circuit or Feeder for which there are Common Corridor Circuits or Common LDC Feeders, as applicable, the Proponent may designate in the Proposal Workbook one alternative allocation of the proposed Contract Capacity to any one or more of such Common Corridor Circuits or Common LDC Feeders, subject to a minimum allocation of one (1) MW to each such Circuit or Feeder.
- (iii) For any Proposal PQ Alternate proposing a Connection Point comprised of multiple connections to Common Corridor Circuits or Common LDC Feeders, as applicable, in the Proposal Workbook the Proponent shall propose the allocation of the alternative portion of the smaller proposed Contract Capacity of the Proposal PQ

Alternate to all or any combination of the Circuits or Feeders, as applicable, submitted pursuant to Section 2.1(f)(i) in respect of the Primary Proposal PQ. Each such Proposal PQ Alternate may also designate one alternative allocation of the smaller proposed Contract Capacity of the Proposal PQ Alternate to all or any combination of the alternative Circuits or Feeders (if any) designated pursuant to Section 2.1(f)(ii).

- (iv) For any Proposal that has provided an alternate allocation of proposed Contract Capacity across such Common Corridor Circuits or Common LDC Feeders as described in Section 2.1(f)(ii) or Section 2.1(f)(iii), as applicable, the IESO may, in its Discretion, select either of the proposed allocations, which selection will be communicated to the Selected Proponent(s) as a part of the preparation of the execution copy of the LLT(e) Contract provided pursuant to Section 3.8(a)(ii). For clarity, the Selected Proponent shall execute and deliver the LLT(e) Contract in accordance with Section 3.8(a).

2.2 Overview of the LLT(e) Contract

[NTD: overview section to be incorporated once LLT(e) Contract details confirmed.]

2.3 No Exclusivity of Contract

- (a) The LLT(e) Contract, if any, executed with a Supplier will not be an exclusive contract for the provision of energy supply to meet system energy needs. The IESO may contract with others for the same or similar products or services from other resources or may otherwise obtain the same or similar products or services by other means.

SECTION 3 – LLT(E) RFP PROCESS OVERVIEW

3.1 Schedule

- (a) Below is the schedule relating to this LLT(e) RFP process (the “Schedule”):

Milestone	Date
IESO’s release of the final LLT(e) RFP and LLT(e) Contract	● (the “RFP Effective Date”)

Proponent's deadline for submitting questions and comments, if any	● (the “ Question and Comment Deadline ”)
IESO's deadline for issuing Addenda to the LLT(e) RFP and LLT(e) Contract, if any	●
Registration Start Date	●
Proponent's deadline for registration	● at 3:00 P.M. (EPT)
Proposal submission deadline	● at 3:00 P.M. (EPT) (the “ Proposal Submission Deadline ”)
Target date for notification to Selected Proponents	●

- (b) The IESO reserves the right to accelerate or postpone any of the dates set out above and to add to, eliminate, or re-order any of the steps set out in the Schedule. The IESO may amend the Schedule from time to time by Addendum, which will be posted on the Website.

3.2 Questions and Comments

- (a) This LLT(e) RFP and the LLT(e) Contract, as applicable, will be public and accessible via the Website. Interested parties are encouraged to promptly examine all such documentation and: (i) report to the IESO any errors, omissions or ambiguities; and (ii) send to the IESO any questions they may have regarding the LLT(e) RFP and the LLT(e) Contract by submitting a question or a comment by e-mail to LLT.RFP@ieso.ca on or before the Question and Comment Deadline specified in the Schedule. The IESO will not be responsible for, nor be obliged to respond to, questions or comments submitted from another location of the IESO's website or to any other e-mail address.
- (b) Questions marked as confidential will not be accepted by the IESO. Questions and comments received in the manner prescribed above that request clarification of the LLT(e) RFP and the LLT(e) Contract will be posted on the Website with the IESO's response, but the identity of any party asking any question or making any comment will not be revealed.

- (c) The IESO is under no obligation to provide additional information or answers but may do so at its sole Discretion. When posting questions to the Website, the IESO may make conforming changes to the question to remove identifying or Proponent-specific information.
- (d) It is the responsibility of an interested party to seek clarification by submitting questions or comments in the manner provided above on any matter that it considers to be unclear. The IESO shall not be responsible for any misunderstanding on the part of an interested party concerning any aspect of this LLT(e) RFP.

3.3 Addenda

- (a) This LLT(e) RFP and the LLT(e) Contract may be amended only by Addendum in accordance with this Section 3.3. If the IESO, for any reason, determines that it is necessary or appropriate to amend or provide additional information relating to the LLT(e) RFP and the LLT(e) Contract such information will be communicated by posting such Addendum on the Website on or prior to the deadline for issuing Addenda set out in the Schedule. Each Addendum will be deemed to form an integral part of this LLT(e) RFP and the LLT(e) Contract, as the case may be.
- (b) Each Addendum may contain important information, including significant changes to this LLT(e) RFP, the LLT(e) Contract and their respective Prescribed Forms, and interested parties are responsible for visiting the Website as often as is necessary to ensure that they obtain all Addenda and other communications issued by the IESO from time to time.
- (c) The IESO may issue an Addendum or Addenda after the deadline for issuing Addenda specified in the Schedule. If any Addendum is issued after the deadline for issuing Addenda set out in the Schedule, the IESO may, in its Discretion, extend the Proposal Submission Deadline for a reasonable amount of time having regard to the circumstances.

3.4 Registration

- (a) As the first step of participating in this LLT(e) RFP, interested Proponents must, no earlier than the Registration Start Date, submit a Prescribed Form: Registration Form (Energy) to the IESO, specific to an individual proposed LLT Energy Project, in accordance with the specific details set out in the Prescribed Form: Registration Form (Energy), together with a non-refundable registration fee of five hundred Dollars (\$500) (the “**Registration Fee**”). The Prescribed Form: Registration Form (Energy) shall require the Proponent to: (i) identify the Proponent; (ii) specify the proposed LLT Energy Project’s energy source type; (iii) identify the

maximum Contract Capacity for the proposed LLT Energy Project; and (iv) provide certain information relating to the proposed Connection Point in respect of the proposed LLT Energy Project. For greater certainty, registration pursuant to this Section 3.4 does not obligate a prospective Proponent to submit a Proposal

- (b) Payment for the Registration Fee must be sent to the following bank account:

Beneficiary:	Independent Electricity System Operator
Beneficiary Address:	1600-120 Adelaide St West, Toronto ON M5H 1T1
Bank:	The Toronto-Dominion Bank
Bank Address:	55 King St West, Toronto ON M5K 1A2
Bank ID:	004
Transit No.:	10202
Account No.:	0690-5618464
Swift Code:	TDOMCATTTOR

In order to ensure that the Registration Fee deposited by the Proponent is identified and correctly applied, the electronic funds transfer or wire should include a deposit reference identifier (“**Registrant ID**”) in the form of: LLT-Proponent Name-Project Name-Year (Example: LLT(e)-CompanyA-Project A-2025). After making the payment, an email must be sent to LLT.RFP@ieso.ca with a copy to ieso.treasury@ieso.ca with the following information: (a) Proponent name (and if different from depositor, depositor name); (b) Project Name; (c) expected deposit date; and (d) amount of Registration Fee deposited. Where a Proponent has made payment in respect of the Registration Fee as set out in this Section 3.4(b) in an amount in excess of the required amount, the IESO shall refund such excess amount, unless the excess amount is less than fifty Dollars (\$50). **[NTD: The threshold amount is under consideration and will be updated prior to RFP Effective Date.]**

- (c) If an interested Proponent would otherwise fail to meet the registration requirements set out in this Section 3.4 as a result of a manifest error or deficiency in the Prescribed Form: Registration Form (Energy) or in the delivery Registration Fee, such as a missing date, name, signature or a typographical error, the IESO may, in its Discretion, issue a rectification notice identifying a perceived deficiency and in such case will provide the Proponent a single opportunity to rectify the perceived deficiency and submit the applicable corrected or completed materials within the time period specified by the IESO in such notice.
- (d) The IESO will respond to the Proponent confirming the Proponent’s registration and providing a Unique Project ID for the identified LLT

Energy Project for purposes of this LLT(e) RFP in advance of the Proposal Submission Deadline.

3.5 Communications

- (a) The IESO does not wish to impair essential or appropriate communications by interested parties for the purposes of project planning, development, operations, regulatory compliance, participation in the *IESO-administered markets*, compliance with the requirements of this LLT(e) RFP, structuring or assembling a Proponent, participating in stakeholder engagement events administered by the IESO in respect of this LLT(e) RFP, or responding to stakeholder solicitations or requests for comments from the IESO in respect of this LLT(e) RFP (collectively, the “**Permitted Purposes**”). Therefore, the following communications rules apply with respect to this LLT(e) RFP:
 - (i) Communications in respect of this LLT(e) RFP must be only for the Permitted Purposes and for no other purposes; and
 - (ii) Permitted communications include communications with MPPs, mayors, municipal officials, municipal administrative staff, the media, members of the public, the IESO, the OEB, transmitters and distributors, for the Permitted Purposes and for no other purposes.
 - (iii) Communications in respect of this LLT(e) RFP shall not be for the purposes (the “**Excluded Purposes**”) of:
 - (A) obtaining (or attempting to obtain or lobbying to obtain) an unfair advantage in respect of the LLT(e) RFP;
 - (B) influencing (or attempting to influence) the terms or outcome of the LLT(e) RFP other than via participating in stakeholder engagement events administered by the IESO in respect of this LLT(e) RFP or the LLT(e) Contract, or responding to stakeholder solicitations or requests for comments from the IESO in respect of this LLT(e) RFP or the LLT(e) Contract;
 - (C) influencing (or attempting to influence) government officials, regulatory officials or the management or staff of the IESO, OEB or transmitters or distributors, with respect to this LLT(e) RFP;
 - (D) denying (or attempting to deny) any other potential Proponent’s fair, open and impartial consideration; or

- (E) impairing (or attempting to impair) public confidence in the process or outcome of the LLT(e) RFP.
- (iv) The onus shall be on a Proponent to demonstrate that any communications in relation to this LLT(e) RFP were not communications for Excluded Purposes.
- (v) Communication for any Excluded Purposes shall be and is hereby expressly excluded from the Permitted Purposes.
- (vi) Communications with respect to this LLT(e) RFP between Proponents or prospective Proponents and any member of the IESO's management or board of directors, the Evaluation Team or its advisors, other than as expressly provided in this LLT(e) RFP, shall be considered to be communications for Excluded Purposes. Communications with IESO staff and the Ministry staff are permissible only for Permitted Purposes. Opportunities for communication with IESO or the Ministry staff or any other Person for Permitted Purposes shall not be used to carry out communications for Excluded Purposes.
- (b) If a Proponent or prospective Proponent has any questions regarding the appropriateness of specific communications, they are advised to seek clarification from the IESO via the e-mail address: LLT.RFP@ieso.ca.
- (c) The IESO shall have the right to request and obtain from a Proponent, and the Proponent shall, if so requested, promptly provide to the IESO, information or clarification regarding the appropriateness of any communications by such Proponent that may be prohibited by this LLT(e) RFP. The Proponent shall provide all information reasonably necessary or appropriate to allow the IESO to assess whether such communications are or were for Permitted Purposes.
- (d) In cases of breach of the foregoing communications rules, the IESO may, in its Discretion, disqualify a Proponent or revoke the status of a Proponent, as the case may be. No Proponent shall engage or have engaged in any communications that would constitute a Conflict of Interest or that would breach the Non-Collusion Requirements, failing which, the IESO may, in its Discretion, disqualify the Proponent.

3.6 Proposal Requirements

- (a) Proponents are responsible for ensuring that the Proposals are complete in every respect and in compliance with this LLT(e) RFP. Proponents should structure their Proposals in accordance with the instructions in this LLT(e) RFP. Where information is requested in this LLT(e) RFP, any response

made in a Proposal should reference the applicable section numbers of this LLT(e) RFP where such request is made.

- (b) The Proposals shall be unconditional. Any Proposal that is submitted subject to any condition will be rejected and such Proposal will no longer be considered in this LLT(e) RFP process. Except as provided in Section 3.7(e)(iii), the Proposal Fee will be non-refundable.
- (c) Apart from the completion of any blanks, bullets or similar uncompleted information in the Prescribed Forms, no amendments may be made to the pre-printed wording of the Prescribed Forms, but copies, including multiple copies, may be made of the appropriate pages of the Prescribed Forms. The Prescribed Forms will be made available on the Website in a writable PDF, Word or Excel format. Any amendments made to the Prescribed Forms, whether on the face of such forms or contained elsewhere in the Proposal, may result in the disqualification of the Proposal. All Prescribed Forms populated with relevant information from the Proponent must be signed by a director, officer or other person who has the authority to bind the Proponent.
- (d) Certain Prescribed Forms are, or contain, statutory declarations. The onus is solely on Proponents to conduct all investigations and verifications necessary or appropriate, including any investigations required of any member(s) of the Proponent's team, to confirm that each of the statements set out in the declarations can be made accurately and truthfully. If the IESO determines in its Discretion that any matter declared is not materially true and correct, then the Proposal may be rejected. Additionally, misrepresentations in the Proposal will constitute a breach of the representations and warranties in the LLT(e) Contract.
- (e) The Proposal must be written in English only and must be submitted in electronic format, typed in black ink, printable on an 8.5 × 11-inch paper, and all pages in applicable documents should be numbered sequentially. Proposals should be collated and organized in a user-friendly manner, including an index, cross-referencing of the various supporting documentation and their respective page numbering systems, and should provide detailed responses.

3.7 Proposal Submission

- (a) *Limit*
 - (i) Only one Proposal may be submitted in respect of an individual LLT Energy Project.

- (ii) A Proponent must submit separate Proposals for each individual LLT Energy Project. A Proponent may submit multiple Proposals, provided that no more than twenty (20) Proposals in total may be submitted by: (A) the Proponent; (B) any Control Group Member of the Proponent; or (C) the Proponent together with any Control Group Member of the Proponent (the “**Proponent Group Limit**”).
- (b) To be considered, a Proponent must submit all of the materials in Section 3.7(c)(i) (collectively, a “**Proposal**”). It is the Proponent’s responsibility to submit the Proposal to the IESO as prescribed by the requirements in Section 3.7(c) in all material respects. Any Proposal submission that is not received by the IESO per the requirements set out in Section 3.7(c) in all material respects will be rejected and the Proposal will no longer be considered in this LLT(e) RFP process. Except as provided in Section 3.7(e)(iii), the Proposal Fee will be non-refundable.
- (c) *Electronic Submission Requirements*
- [NTD: additional Prescribed Forms may be required as design is finalized.]**
- (i) To constitute a complete Proposal, Proponents must submit all of the following documents that are applicable to the Proposal as a part of the Proposal, electronically to LLT.RFP@ieso.ca, prior to the Proposal Submission Deadline:

ELECTRONIC PROPOSAL REQUIREMENTS		
Item #	Proposal Document	Delivery and Format
1.	Proposal Fee	An electronic funds transfer or wire payable to the “Independent Electricity System Operator” in the amount of \$11,300 per Proposal (the “ Proposal Fee ”), which fee is inclusive of HST. A Proponent submitting multiple Proposals must submit the Proposal Fee separately for each Proposal.
2.	LLT(e)PF-EB100 - Prescribed Form: Economic Bid Statement (Energy)	The proposed Fixed Price (in \$ per MWh) shall be submitted by the Proponent in its Proposal and will be the subject of the price evaluation under the LLT(e) RFP. In its Economic Bid Statement, the Proponent may, but is not

		<p>obligated to, indicate up to two (2) Proposal PQ Alternates for purposes of the Deliverability Test assessment set out in Section 4.5.</p> <p>All Proponents must submit their proposed Fixed Price (and details of any Proposal PQ Alternates) in the Prescribed Form: Economic Bid Statement (Energy).</p> <p>Proponents are strongly encouraged to use a filename that follows the naming convention: Unique Project ID [●] LLT(e)PF-EB100.</p>
3.	<p>LLT(e)PF-PI100 - Prescribed Form: Proponent Information, Declarations and Workbook (Energy)</p>	<p>All Proponents must submit an electronic copy of the completed Prescribed Form: Proponent Information, Declarations and Workbook (Energy).</p> <p>As a part of this Prescribed Form, Proponents must submit the Proposal Workbook.</p> <p>Proponents are strongly encouraged to use a filename for the Prescribed Form: Proponent Information, Declarations and Workbook that follows the naming convention: Unique Project ID [●] LLT(e)PF-PI100.</p> <p>Proponents are strongly encouraged to use a filename for the Proposal Workbook that follows the naming: Unique Project ID [●] LLT(e)PF-PW100</p>
4.	<p>LLT(e)PF-AR100 - Prescribed Form: Access Rights Declaration (Energy)</p> <p>[NTD: current MNR land tenure requirements for waterpower projects being confirmed.]</p>	<p>All Proponents must submit an electronic copy of the completed Prescribed Form: Access Rights Declaration (Energy).</p> <p>Except where the Project Site is entirely located on Crown land, as a part of or attached to this Prescribed Form, Proponents must submit electronic copies of a single scale map of the Project Site showing the outer boundary of the Project Site.</p> <p>Except where the Project Site is entirely located on Crown land, Proponents must provide</p>

		<p>evidence of access rights to the Properties included in the Project Site. Proponents must submit one or more parcel registers (or equivalent for lands not registered on the Ontario land titles system) in respect of the Project Site evidencing the registered owner of the Properties included in the Project Site.</p> <p>Except where the Project Site is entirely located on Crown land, where title to one or more Properties included in the Project Site is not in the name of the Proponent (including where title is held by an Affiliate of the Proponent), the Proponent must submit a letter addressed to the IESO signed by the documented title holder of such Properties (or the applicable Governmental Authority, where access to such Properties are controlled by such Governmental Authority) stating that the Proponent has: (i) the contractual right to acquire such Properties; or (ii) contractual rights to build, operate and maintain the LLT Energy Project on such Properties, if it is selected as a Selected Proponent. Such title holder's statement shall not otherwise be qualified or conditional.</p> <p>Where the Proposal is in respect of a Crown Land Project, as a part of or attached to this Prescribed Form, the Proponent must submit an MNR Confirmation Letter, a Crown Land Shapefile and an attestation that the Project Site information contained in the Crown Land Shapefile is consistent in all material respects with the Project Site information included in the Proponent's Crown Land Site Report Form.</p> <p>Proponents are strongly encouraged to use a filename that follows the naming convention: Unique Project ID [●] LLT(e)PF-AR100.</p>
5.	LLT(e)PF-CUT100 Prescribed Confirmation Form: of	<p>If the Project is proposed to be located in whole or in part on Unincorporated Territory, the Proponent must submit an electronic copy of the</p>

	Unincorporated Territory (Energy)	<p>completed Prescribed Form: Confirmation of Unincorporated Territory (Energy).</p> <p>As part of or attached to this form, Proponents must submit a Confirmation of Unincorporated Territory, which must show the seal or certificate of the issuing Land Use Planner from the Ontario Professional Planners Institute.</p> <p>Proponents are strongly encouraged to use a filename that follows the naming convention: Unique Project ID [●] LLT(e)PF-CUT100.</p>
6.	LLT(e)PF-IS100 - Prescribed Form: Evidence of Indigenous Support (Energy)	<p>If the Project Site is proposed to be located in whole or in part on Indigenous Lands, the Proponent must submit an electronic copy of the completed Prescribed Form: Evidence of Indigenous Support (Energy).</p> <p>As a part of this form, Proponents must submit electronic copies of Indigenous Support Confirmation(s) dated no earlier than seven (7) months prior to the RFP Effective Date.</p> <p>Proponents are strongly encouraged to use a filename that follows the naming convention: Unique Project ID [●] LLT(e)PF-IS100.</p>
7.	LLT(e)PF-MS100 - Prescribed Form: Evidence of Municipal Support (Energy)	<p>If the Project Site is proposed to be located in whole or in part on Municipal Project Lands, the Proponent must submit an electronic copy of the completed Prescribed Form: Evidence of Municipal Support (Energy).</p> <p>As a part of or attached to this form, Proponents must submit electronic copies of Municipal Support Confirmation(s).</p> <p>Where the Municipal Support Confirmation is in the form of a Municipal Resolution in Support of Proposal Submission, the Municipal Resolution in Support of Proposal Submission must be dated no later than [August 21, 2026].</p>

		<p>Where the Municipal Support Confirmation is in the form of a Blanket Municipal Support Resolution, together with a Blanket MS Confirmation Letter, such Blanket MS Confirmation Letter must be dated no later than August 21, 2026.</p> <p>Proponents are strongly encouraged to use a filename that follows the naming convention: Unique Project ID [●] LLT(e)PF-MS100.</p>
8.	LLT(e)PF-IP100 - Prescribed Form: Evidence of Indigenous Community Participation (Energy)	<p>If the Proponent is seeking to attain the Rated Criteria Points in Section 4.3 and (if applicable) Section [●], in order to attain such Rated Criteria Points, the Proponent must submit an electronic copy of the completed Prescribed Form: Evidence of Indigenous Community Participation (Energy).</p> <p>As a part of or attached to this Prescribed Form, Proponents must submit electronic copies of one or more organizational charts and securities registers documenting the Economic Interest in the Proponent held by one or more Indigenous Communities.</p> <p>Additionally, where Rated Criteria Points are sought under Section [●] and the Project Site is not located on Indigenous Lands, this Prescribed Form requires an attestation from an Individual with authority to bind an Indigenous Community whose Economic Interest in the Proponent is included in the Proponent Indigenous Participation Level, that the Project Site includes lands that are within the Indigenous Community's established or asserted traditional territory or homeland or are the subject of a treaty signed with the Indigenous Community.</p> <p>Proponents are strongly encouraged to use a filename that follows the naming convention: Unique Project ID [●] LLT(e)PF-IP100.</p>

- (ii) The email submission made to LLT.RFP@ieso.ca must contain all Proposal documents identified in Section 3.7(c)(i) and should utilize the following naming convention in its email subject line: “**LLT(e) Unique Project ID [●] Submission**”.
- (iii) The Proposal documents that are required to be submitted to the IESO in electronic format in accordance with Section 3.7(c)(i) must be received by the IESO in the LLT.RFP@ieso.ca inbox by no later than the Proposal Submission Deadline. Proponents are solely responsible for their technology and the transmission of the Proposal submission (including the full amount of the Proposal Fee). The IESO shall utilize the time stamp generated at the time of receipt into the LLT.RFP@ieso.ca inbox.

Any delays due to firewalls, technical faults, file size, unreadable or partial scans of compiled documents, forms or attachments, electronic funds transfers, or a high volume of Proposals will not be taken into account. This time stamp (being the time that the email is received by the IESO) will be the sole determinant of whether electronic Proposal documents were received prior to the Proposal Submission Deadline. For clarity, the IESO will not be responsible for late deliveries, deliveries to the incorrect email address or location or other electronic delivery failures. Proposal documents submitted after the Proposal Submission Deadline will not be accepted. Due to limitations on the size of electronic delivery of emails to the LLT.RFP@ieso.ca email of twenty (20) megabytes, Proponents may submit their Proposal documents through multiple emails. Proponents are advised that the IESO’s firewall may reject emails containing attachments when originating from certain public email platforms such as gmail.com; yahoo.com; hotmail.com; msn.com; sympatico.ca; rogers.com and similar public email systems. Proponents are strongly encouraged to utilize email systems operating on private servers for the electronic submission of Proposal materials.

For further clarity, if any email containing Proposal documents is shown to have been received in the LLT.RFP@ieso.ca inbox or payment of Proposal Fees are received in IESO’s bank account at anytime after the Proposal Submission Deadline, the entire Proposal will be rejected and the Proposal will no longer be considered in this LLT(e) RFP process. Except as provided in Section 3.7(e)(iii), the Proposal Fee will be non-refundable. **Proponents are strongly encouraged to submit their Proposals and payments sufficiently in advance of the Proposal Submission Deadline to avoid any**

unforeseen delays in electronic delivery or processing of payments.

- (iv) Payment for the Proposal Fee must be sent to the following bank account:

Beneficiary:	Independent Electricity System Operator
Beneficiary Address:	1600-120 Adelaide St West, Toronto ON M5H 1T1
Bank:	The Toronto-Dominion Bank
Bank Address:	55 King St West, Toronto ON M5K 1A2
Bank ID:	004
Transit No.:	10202
Account No.:	0690-5618464
Swift Code:	TDOMCATTTOR

In order to ensure that Proposal Fee deposited by the Proponent is identified and correctly applied, the electronic funds transfer or wire should include a deposit reference identifier in the form of the Unique Project ID. After making the payment, an email must be sent to LLT.RFP@ieso.ca with a copy to ieso.treasury@ieso.ca with the following information: (a) Proponent name; (b) the Unique Project ID; (c) expected deposit date; and (d) amount of Proposal Fee deposited. Proponents are reminded that any bank wiring or electronic funds transfer fees (or equivalent) must be taken into account and Proponents are responsible to ensure that the full amount of the Proposal Fee is received by the IESO (net of any banking or transfer fees) by the Proposal Submission Deadline. Where a Proponent has made payment in respect of the Proposal Fee as set out in this Section 3.7(c)(iv) in an amount in excess of the required amount, the IESO shall refund such excess amount, unless the excess amount is less than one thousand Dollars (\$1,000). **[NTD: The threshold amount is under consideration and will be updated prior to RFP Effective Date.]**

Any electronic funds transfers in the manner other than that described in this Section 3.7(c)(iv) will not be taken into account, except at the IESO's Discretion.

- (d) *Hard Copy Submission Requirements*

- (i) In addition to the electronically submitted documents identified in Section 3.7(c)(i), a Proponent must provide the following Proposal documents in hard copy submission to the IESO's address provided in Section 3.7(d)(iii) prior to the Proposal Submission Deadline:

HARD COPY PROPOSAL REQUIREMENTS	
Proposal Document	Delivery and Format
Proposal Security	One original hard copy of the Proponent's Proposal Security in the amount specified in Section 3.7(d)(ii), which should be contained in a separate, opaque and sealed envelope marked " Proposal Security " and with the Unique Project ID.

- (ii) The amount of Proposal Security (which shall be converted into Completion and Performance Security upon execution of the LLT(e) Contract) shall be twenty thousand Dollars (\$20,000) per MW of Contract Capacity (with MW rounded to two decimal places in the event of partial MW), subject to a minimum total amount of three-hundred thousand Dollars (\$300,000) and a maximum of fifteen million Dollars (\$15,000,000).
- (iii) Proposal documents required to be submitted to the IESO in hard copy format shall be delivered to the address below:

Independent Electricity System Operator
120 Adelaide Street West, Suite 1600

Toronto, ON M5H 1T1
Attention: LLT(e) RFP

- (iv) The Proposal documents that are required to be submitted to the IESO in hard copy format in accordance with Section 3.7(d)(i) must be received by the IESO in a single envelope, specific to each individual Proposal, prior to the Proposal Submission Deadline. The IESO shall create a time stamp upon receipt of the hard copy materials and provide the Proponent a record of such time stamp. This time stamp will be the sole determinant of whether hard copy Proposal documents were received prior to the Proposal Submission Deadline.
- (v) Proponents are encouraged to submit a cover letter with each hard copy of the Proposal Security that clearly identifies the Proponent's

name, Unique Project ID and LLT Energy Project's name to which the enclosed Proposal Security relates. Proponents are encouraged to affix a label to the outside of any hard copy submission package, specific to each individual Proposal, that clearly indicates the Proponent's name and address along with the IESO's mailing address (the "**Proposal Submission Label**"). The form of the Proposal Submission Label has been provided in APPENDIX C to this LLT(e) RFP.

(e) *Amendment, Withdrawal or Non-Submission of Proposals*

- (i) Proposals cannot be amended once submitted.
- (ii) At any time prior to the Proposal Submission Deadline, a Proponent may withdraw a submitted Proposal by emailing notice of such withdrawal in the Prescribed Form: Notice of Proposal Withdrawal (Energy) to the IESO at LLT.RFP@ieso.ca and, provided that such Prescribed Form: Notice of Proposal Withdrawal (Energy) is received by the IESO prior to the Proposal Submission Deadline, the entire Proposal described therein shall be deemed to have been withdrawn.
- (iii) If a Proponent withdraws a Proposal prior to the Proposal Submission Deadline, the IESO will not process such Proposal and will return such Proposal, including the Proposal Fee to the Proponent.
- (iv) Subject to Section 3.7(a), the IESO will not process more than one Proposal with the identical Proponent name unless it is in relation to separate LLT Energy Projects. If the IESO receives multiple Proposals from the same Proponent and in respect of the same LLT Energy Project and no corresponding Prescribed Form: Notice of Proposal Withdrawal (Energy) indicating whether any one of such Proposals has been withdrawn, the IESO will not process either Proposal and will return each Proposal, including the Proposal Fee and Proposal Security, to the Proponent.
- (v) If a Proponent makes payment of the Proposal Fee but does not submit a Proposal prior to the Proposal Submission Deadline, the IESO will return such Proposal Fee to the prospective Proponent.

(f) *Irrevocability*

- (i) Proposals shall be irrevocable in the form submitted by the Proponent from the Proposal Submission Deadline until 3:00 P.M. (EPT) on the one hundred and eightieth (180th) day after the

Proposal Submission Deadline or for such longer period as agreed to from time to time pursuant to the provisions of this Section 3.7(f) (the “**Period of Irrevocability**”).

- (ii) If the IESO wishes to extend the Period of Irrevocability, the IESO shall submit a request prior to the expiry of the Period of Irrevocability to those Proponents whose Proposals are, at the time of the request, still being considered in the evaluation process. A Proponent may, in its discretion, consent to extend its Period of Irrevocability and, in such case, must notify the IESO of such intent within five (5) Business Days after such request was made.
- (iii) If a Proponent does not respond to the request within five (5) Business Days or refuses to extend the Period of Irrevocability, the Proponent’s Proposal shall continue to be irrevocable in accordance with its original Period of Irrevocability.
- (iv) If the IESO determines in its Discretion that it will be unable to award contracts prior to the expiration of the applicable Period of Irrevocability, it will, after the expiration of the Period of Irrevocability, cease to consider the Proposal(s) of a Proponent who has refused the IESO’s request to extend its Period of Irrevocability. The IESO will continue to evaluate Proposals of those Proponents who have consented to an extension to their Period of Irrevocability and award contracts, if at all, only to such remaining Proponents.

3.8 Notification of Selected Proponents and Other Proponents

(a) *Selected Proponents*

- (i) Once Selected Proposals are chosen by the IESO, the IESO will notify the Selected Proponents in writing of the selection, and will notify the other Proponents that were not chosen by the IESO in accordance with Section 3.8(b).
- (ii) The IESO may, prior to the financial market opening in Toronto, Ontario, in accordance with the Schedule, make a public announcement of such selection, noting that such selection is subject to the successful completion and execution of the LLT(e) Contract and related closing documents. The IESO will forward to the Selected Proponent(s) a copy of the LLT(e) Contract and those related closing documents prepared by the IESO for completion and execution by the Selected Proponents, and the date that the LLT(e) Contract and such closing documents are sent by the IESO to the

Selected Proponents is referred to as the “**LLT(e) Contract Receipt Date**”.

- (iii) The Selected Proponents must, within twenty (20) Business Days after the LLT(e) Contract Receipt Date,
 - (A) authorize the IESO to convert and maintain the Proposal Security to be held as Completion and Performance Security, and
 - (B) execute and deliver the LLT(e) Contract together with all related closing documents required by the IESO (including certificates of status or equivalent).

For greater certainty, it is the Selected Proponent who must execute and deliver the LLT(e) Contract, and the Selected Proponent may not substitute or propose to substitute another party in its place.

- (iv) Should any Selected Proponent fail to execute and deliver the LLT(e) Contract and all related closing documents required by the IESO within the required timeframes in respect of any Selected Proposals, such Selected Proponents will be in breach of this LLT(e) RFP with respect to such Proposals and the IESO may, in its Discretion, disqualify such Selected Proposals, draw upon the Proposal Security, and/or disqualify any or all other Selected Proposals submitted by the same Selected Proponent, which remedies shall be the sole and exclusive remedies of the IESO as a result of such Selected Proponent’s breach of this LLT(e) RFP.
- (v) Once the required Completion and Performance Security and the executed LLT(e) Contract and all related closing documents have been delivered to the IESO by the Selected Proponents, the IESO will coordinate, in consultation with the applicable Selected Proponents, further public announcements concerning the LLT Energy Project.

(b) *Other Proponents*

- (i) The IESO will notify a Proponent whose Proposal did not become a Selected Proposal, either:
 - (A) after the evaluation for Stage 1 has concluded for all Proponents, that a Proponent’s Proposal has failed to satisfy the Stage 1 completeness requirements set out in Section 4.1; or

- (B) after Selected Proponents are notified pursuant to Section 3.8(a), that successful Proponents have been selected by the IESO as Selected Proponents and that the LLT(e) RFP process has concluded,

and that, in either case, they were not selected by the IESO under this LLT(e) RFP and such decision is final and binding.

3.9 Debriefing

- (i) Any Proponent whose Proposal did not become a Selected Proposal, other than as a result of a failure of the Proposal to pass the Deliverability Test or as a result of the IESO achieving the Target Capacity with Proposals ranked higher on the Offer List, as indicated in the IESO's notification under Section 3.8(b) above, may request a debriefing after being notified of their status.
- (ii) The IESO will hold a single debriefing meeting for each Proponent in which they can discuss their rejected Proposal. Requests must be made in writing through LLT.RFP@ieso.ca email address and must be made within thirty (30) days of such notification. The intent of the debriefing session is to assist the Proponent in presenting a better proposal in subsequent procurement opportunities.
- (iii) Any debriefing provided is not offered for the purpose of providing an opportunity to challenge this LLT(e) RFP procurement process.

3.10 Confidentiality

- (a) Information provided by a Proponent is subject to, and may be released in accordance with, the provisions of the *Freedom of Information and Protection of Privacy Act* (Ontario). A Proponent is required to clearly identify any portion of any Proposal that contains proprietary or confidential information by marking it as "Proprietary and Confidential". Only those portions of a Proposal that are marked as "Proprietary and Confidential" will be accorded confidential treatment by the IESO in accordance with this Section 3.10.
- (b) The confidentiality of any such information identified by the Proponent will be maintained by the IESO, except where Laws and Regulations, a request by the Information and Privacy Commissioner, a court, legislative committee or a tribunal requires the IESO to do otherwise. Notwithstanding the foregoing, the IESO shall not be required to maintain the confidentiality of any such information that:

- (i) is or becomes generally available to the public without fault or breach on the part of the IESO of any duty of confidentiality owed by the IESO to the Proponent or to any third party;
 - (ii) the IESO can demonstrate that it had been rightfully obtained by the IESO, without any obligation of confidence, from a third party that had the right to transfer or disclose it to the IESO free of any obligation of confidence;
 - (iii) the IESO can demonstrate that it had been rightfully known by, or in the possession of, the IESO at the time of disclosure, free of any obligation of confidence when disclosed; or
 - (iv) has been independently developed by the IESO.
- (c) Information contained in Proposals will, as deemed necessary by the IESO, be disclosed on a confidential basis, to the Evaluation Team, the IESO, the Government of Ontario, the Fairness Advisor, the IESO's counsel and other advisors retained in connection with the LLT(e) RFP and in the evaluation of the Proposals.
- (d) All information provided by or obtained from the IESO in any form in connection with this LLT(e) RFP is the sole property of the IESO and must be treated as confidential, and:
- (i) is not to be used for any purpose other than replying to this LLT(e) RFP;
 - (ii) must not be disclosed without the prior written authorization of the IESO; and
 - (iii) shall be returned by the Proponent to the IESO immediately upon the request of the IESO.

3.11 Disclosure of Proponents

Notwithstanding Section 3.10, the IESO may choose to publish or otherwise disclose all or any part of the following information regarding the Proposals subsequent to notifying all successful and unsuccessful Proponents or following the completion of this LLT(e) RFP:

- (a) Proponent Name;
- (b) applicable LLT Energy Project and its Contract Capacity;
- (c) average or individual Fixed Prices or other aggregate pricing information;

- (d) the location of proposed Project Sites; and
- (e) the Indigenous Communities that hold Economic Interest in a Proponent (including through an Indigenous Holding Vehicle).

The IESO may make such disclosure on an individual basis, or as aggregated with information provided by other Proponents.

SECTION 4 – PROPOSAL EVALUATION

The evaluation of Proposals will be conducted by the IESO in five distinct stages as follows:

4.1 Stage 1 – Completeness Requirements

In Stage 1, each Proposal will pass or fail depending on whether the Proposal is complete and contains all documents, forms and declarations required by Section 3.7 of this LLT(e) RFP.

All Proposals must be complete in all respects at the time of submission. If a Proposal would otherwise fail the Stage 1 completeness review as a result of a manifest error or deficiency on a submitted Prescribed Form, such as a missing date, name, signature or a typographical error (and not, for certainty, a failure to pay the Proposal Fee, a failure to deliver the Proposal Security as required by Section 3.7 or a failure to submit a Prescribed Form in its entirety that is required by Section 3.7), the IESO may, in its Discretion, issue a rectification notice identifying a perceived deficiency and in such case will provide the Proponent a single opportunity to rectify the perceived deficiency and submit the applicable corrected or completed materials within the time period specified by the IESO in such notice.

For greater certainty, a failure by a Proponent to complete a Prescribed Form for the purposes of having their Rated Criteria evaluated shall not fail the Stage 1 completeness review as a result of such failure, and such failure will only result in a failure to be awarded the applicable Rated Criteria Points.

4.2 Stage 2 – Mandatory Requirements

In Stage 2, each Proposal will pass or fail depending on whether, based on the information provided in the Proposal, the Proposal meets the following mandatory requirements (the “Mandatory Requirements”):

- (a) the Proponent satisfies the Team Member Experience requirements specified in Section 2.1(a);
- (b) the Proponent is a single Person in accordance with Section 2.1(b);

- (c) the LLT Energy Project meets the eligibility requirements specified in Section 2.1, including:
 - (i) the LLT Energy Project has a Nameplate Capacity equal to or larger than one (1) MW which can be registered as a *registered facility* under the Market Rules in accordance with Section 2.1(c)(i);
 - (ii) if the Project Site is proposed to be located in whole or in part on Indigenous Lands, the Proposal includes an Indigenous Support Confirmation in accordance with Section 2.1(c)(iv);
 - (iii) if the Project Site is proposed to be located in whole or in part on Municipal Project Lands, the Proposal includes Municipal Support Confirmation in accordance with Section 2.1(c)(v);
 - (iv) if the Project Site is proposed to be located in whole or in part on Crown land, the Proposal includes an MNR Confirmation Letter and a Crown Land Shapefile in accordance with Section 2.1(c)(vi);
 - (v) if the Project Site is proposed to be located in whole or in part on Unincorporated Territory, the Proposal includes a Confirmation of Unincorporated Territory in accordance with Section 2.1(c)(vii);
 - (vi) that the Project Site is not located on Specialty Crop Areas in accordance with Section 2.1(d)(i);
 - (vii) that it may not be the subject of a Connection Impact Assessment (whether issued or pending) that has not been rescinded and permanently revoked as of the time of Proposal submission in accordance with the requirements of Section 2.1(e); and
 - (viii) the LLT Energy Project satisfies the Connection Point Requirements.
- (d) the Proposal is within the Proponent Group Limit set out in Section 3.7(a);
- (e) the Proponent is either the registered owner of the Project Site or has submitted the requisite confirmation letter(s) from the registered owner(s) of the Properties included in the Project Site or, if applicable, an MNR Confirmation Letter in accordance with the requirements of Section 3.7(c)(i); and
- (f) where the Proposal is for a Crown Land Project, the Project Site (and the Project Site of any associated Proposal PQ Alternate(s)), as reflected in the Crown Land Shapefile(s) submitted in accordance with Section 2.1(c)(vi)

does not overlap with or use any of the same Crown lands as any AOR Held Lands for which the Proponent is not the Applicant of Record.

For greater certainty, the determination of whether such Mandatory Requirements are met will be based on the Proposal materials contained solely in the submission documents as set out in Section 3.7(c)(i) and, in the case of Crown Land Projects, review of mapping tools and reference materials in respect of AOR Held Lands from the Ontario Ministry of Natural Resources. Proposals that do not demonstrate that the Proponent satisfies the Mandatory Requirements set out in this Section 4.2 will not be evaluated further and will be rejected. Notwithstanding the foregoing, if a Proposal is for a Crown Land Project and the proposed Project Site (or the Project Site of any associated Proposal PQ Alternate) is determined, from review by IESO or its consultant of the Crown Land Shapefile(s), to overlap with or use any of the same Crown lands as any AOR Held Lands for which the Proponent is not the Applicant of Record, but an associated Proposal PQ Alternate does not overlap with or use any such same Crown lands, the Proposal will continue through the subsequent stages of evaluation only in respect of such Proposal PQ Alternate(s).

4.3 Stage 3 – Rated Criteria

All Proposals that have passed Stage 1 and Stage 2 shall have their Rated Criteria evaluated by the IESO. The IESO will assign “**Rated Criteria Points**” to such Proposals as set out in this Section. There shall be a maximum of [●] possible Rated Criteria Points awarded to any Proposal. The Rated Criteria to be used by the IESO are as follows:

[NTD: all rated criteria and weightings, including consideration of “Canadian-Status Proponent” under ongoing discussion with IESO and Ministry.]

4.4 Stage 4 – Review of Economic Bid Statement

- (a) All of the Proposals that have passed Stage 2 and have had their Rated Criteria evaluated by the IESO in Stage 3, will have their Economic Bid Statement reviewed.
- (b) Subject to Section 5.10(m), all Primary Proposal PQs and Proposal PQ Alternates whose proposed Fixed Price exceeds the Reserve Price will not be evaluated further and will be rejected.
- (c) *Evaluated Proposal Price and Ranking*
 - (i) All Proposals and any associated Proposal PQ Alternates other than those rejected under Section 4.4(b), shall have their proposed Fixed Price evaluated using the Rated Criteria Points to calculate the “**Evaluated Proposal Price**”.

- (ii) The Evaluated Proposal Price shall only be used by the IESO to rank the Proposal (and any associated Proposal PQ Alternates). Such Evaluated Proposal Price shall not impact the pricing under the LLT(e) Contract, which shall be based on the proposed Fixed Price.
- (iii) The Evaluated Proposal Price will be calculated using the following formula:

EPP = $SP \times (1 - (ECW \times (S / MS)))$	
where:	
EPP	is the Evaluated Proposal Price (in \$ per MWh).
SP	is the Submitted Price which shall be equal to the proposed Fixed Price set out in the Prescribed Form: Economic Bid Statement (Energy).
ECW	is the evaluation criteria weighting, which set at 0.5.
S	is equal to the total Rated Criteria Points awarded to the Proposal under Stage 3.
MS	is the maximum possible Rated Criteria Points available under Stage 3, which shall be 100 points.

- (iv) Proposals (including any associated Proposal PQ Alternates) will be ranked in order of their Evaluated Proposal Price, with the lowest Evaluated Proposal Price receiving the highest priority, the second lowest Evaluated Proposal Price receiving the second highest priority, and so on until all of the Proposals (and Proposal PQ Alternates) have been ranked according to their Evaluated Proposal Price. The outcome of this ranking will create a preliminary list (the “**Preliminary List**”).
- (v) In the event of an equivalent Evaluated Proposal Price between two or more Proposals (or Proposal PQ Alternates), the order ranking within the Preliminary List shall be determined by giving the higher ranking to the Proposal (or Proposal PQ Alternate) with the higher Annual Average Imputed Production Factor and a lower ranking to the Proposal (or Proposal PQ Alternate) with a lower Annual Average Imputed Production Factor.
- (vi) In the event that multiple Proposals or Proposal PQ Alternates within the Preliminary List have the same Evaluated Proposal Price and the same Annual Average Imputed Production Factor, the order

ranking between such Proposals will be randomly generated, which will be witnessed and documented by the Fairness Advisor.

4.5 Stage 5 – Deliverability Assessment

- (a) The deliverability in respect of the LLT Energy Project, for Proposals that are included in the Preliminary List, will be assessed by the IESO in accordance with the IESO's methodology for determining the deliverability status as outlined in the latest version of the deliverability test guidance document published on the Website (the "**Deliverability Test**"), based on their ranking within the Preliminary List.
- (b) Each Proponent acknowledges and agrees that the Deliverability Test results are distinct from, and in addition to, any Connection Impact Assessment, System Impact Assessment or Customer Impact Assessment required pursuant to Laws and Regulations. Neither the Deliverability Test results, nor any exercise of IESO's Discretion as described in Section 2.1(f)(iv), as applicable, ensure the ability to connect an LLT Energy Project or at any assumed cost.
- (c) If the Deliverability Test result for a Proposal on the Preliminary List is "Deliverable", subject to Section 4.5(f), such Proposal will be processed and added to the "**Offer List**" and all alternate Proposal PQ Alternates for such Proposal will be removed from the Preliminary List.
- (d) If the Deliverability Test result for a Proposal on the Preliminary List is "Not Deliverable", such Proposal will not be processed further and will be removed from the Preliminary List. Notwithstanding the foregoing, any Proposal PQ Alternates in respect of such Proposal will remain on the Preliminary List and will be evaluated in their ranked order. If a Proposal PQ Alternate is subsequently added to the Offer List any further Proposal PQ Alternate in respect of such Proposal will be removed from the Preliminary List.
- (e) Proposals will only be added to the Offer List until such point where, subject to Section 4.5(f) and Section 5.10(l), the addition of a Proposal from the Preliminary List causes the aggregate Expected Annual Imputed Production of the Proposals on the Offer List to meet or exceed the Total Target Annual Energy, following which no further Proposals from the Preliminary List shall be added to the Offer List.
- (f) In the event that multiple Proposals (or Proposal PQ Alternates) on the Preliminary List are Crown Land Projects, before adding any such Proposal (or Proposal PQ Alternate) to the Offer List, the IESO will (or will cause its consultant to) utilize the Crown Land Shapefile for each such Crown Land

Project to identify any instances in which the proposed Project Site for such Proposal (or that of any of its Proposal PQ Alternates) overlaps with or uses the same lands as the proposed Project Site of any other Crown Land Projects (or that of any Proposal PQ Alternates) on the Preliminary List (any such Proposals, “**Conflicting Crown Land Proposals**”). In the event of any Conflicting Crown Land Proposals on the Preliminary List, where any such Conflicting Crown Land Proposal (or any associated Proposal PQ Alternate) is to be added to the Offer List pursuant to Section 4.5(c), any Proposal that is a Conflicting Crown Land Proposal with such Proposal that is ranked lower on the Preliminary List will not be evaluated further and will be rejected, provided that in the event any Proposal PQ Alternate in respect of such rejected Conflicting Crown Land Proposal does not overlap with the Project Site of the Proposal (or Proposal PQ Alternate) being added to the Offer List, such Proposal PQ Alternate of the rejected Conflicting Crown Land Proposal will remain on the Preliminary List and will be evaluated in its ranked order.

4.6 **Selected Proponent**

Any Proponent whose Proposal is included on the Offer List shall be a “**Selected Proponent**” and shall be required to enter into an LLT(e) Contract as described in Section 2.2 in respect of the applicable Proposal(s), and to carry out the provisions of the LLT(e) Contract.

SECTION 5 – ADDITIONAL TERMS AND CONDITIONS

5.1 **General Terms and Conditions**

- (a) For the purpose of determining time of receipt of any submission, the clock at the prescribed location for submission shall govern.
- (b) The onus remains solely with the Proponent to deliver submissions as specified in this LLT(e) RFP by the relevant deadline.

5.2 **LLT(e) RFP Documents**

- (a) The following materials form part of, and are incorporated into, this LLT(e) RFP:
 - (i) the body of this LLT(e) RFP and all Appendices;
 - (ii) any Addenda; and
 - (iii) all Prescribed Forms.

- (b) Any conflict or inconsistency between this LLT(e) RFP, the Prescribed Forms, the Appendices, or Addenda, if any, shall be resolved by interpreting the documents and information in the following order from highest priority to lowest priority:
 - (i) Addenda;
 - (ii) the body of this LLT(e) RFP and APPENDIX A;
 - (iii) other Appendices to this LLT(e) RFP; and
 - (iv) Prescribed Forms.
- (c) All other information and materials are provided for information purposes only, do not form part of this LLT(e) RFP and are not binding on the IESO.
- (d) In the event of any conflict or inconsistency between the terms of this LLT(e) RFP and the Proposal, this LLT(e) RFP shall govern over the Proposal to the extent of any conflict or inconsistency.
- (e) Once the LLT(e) Contract is executed, the LLT(e) Contract will govern over this LLT(e) RFP.

5.3 Compliance

If, in the Discretion of the IESO, a Proposal does not comply with the requirements set out in this LLT(e) RFP, the IESO may, without liability, cost or penalty, disqualify the Proposal and the Proposal shall not be given any further consideration. For purposes of this LLT(e) RFP, “**comply**” means that the Proposal conforms to the requirements of this LLT(e) RFP without Material Deviation.

For the purpose of clarity, each Proponent acknowledges and agrees that the IESO’s evaluation of compliance with this LLT(e) RFP is not an evaluation of absolute compliance and that the IESO may waive failures to comply that, in the IESO’s Discretion, do not constitute a Material Deviation.

5.4 Return of Proposal Security

- (a) For each Proponent whose Proposal does not pass any of the stages set out in Section 4 of this LLT(e) RFP, the applicable Proposal Security will be returned to the address provided on the Proposal Submission Label within ten (10) Business Days of the Proponent being notified by the IESO that their Proposal did not pass any of the stages set out in Section 4 of this LLT(e) RFP or that their Proposal was otherwise rejected.

- (b) For the Selected Proposal(s), the Selected Proponent is required to authorize the IESO to convert the Proposal Security into Completion and Performance Security, which will be retained by the IESO for purposes of the LLT(e) Contract.

5.5 Participation Costs

- (a) Each Proponent will bear all costs and expenses in connection with its participation in this LLT(e) RFP, including any costs incurred in the review of this LLT(e) RFP and any expert advice required in responding to this LLT(e) RFP.
- (b) The IESO and its advisors shall not be liable to pay any Proponents costs under any circumstances. In particular, the IESO will not reimburse the Proponents in any manner whatsoever in the event of rejection or disqualification of any or all Proposals or in the event of the cancellation of this LLT(e) RFP for any reason.
- (c) Subject to Section 5.6, by submitting any submission in response to this LLT(e) RFP, the Proponent irrevocably and unconditionally waives any claims against the IESO and its advisors relating to the Proponent's costs and expenses.

5.6 Material Breach of this LLT(e) RFP

Each Proponent agrees that, if the IESO commits a material breach of this LLT(e) RFP, the IESO's liability to the Proponent, and the aggregate amount of damages recoverable against the IESO for any matter relating to or arising from that material breach, whether based upon an action or claim in contract, warranty, equity, negligence, intended conduct or otherwise, including any action or claim arising from the acts or omissions, negligent or otherwise, of the IESO, shall be no greater than the submission preparation costs that the Proponent seeking damages from the IESO can demonstrate and shall in any event not include any lost profits or indirect, punitive or consequential damages.

5.7 Verification

All statements, information and documentation submitted as part of any Proposal are subject to verification and enforcement in accordance with the terms of this LLT(e) RFP. If such statements, information or documentation are determined by the IESO to be incorrect or misleading, the IESO reserves the right to re-evaluate the Proposal and the Proponent's status.

5.8 Other Procurement Processes

- (a) Participation in this LLT(e) RFP shall not preclude participation in any other present or future IESO procurements (provided that all requirements and criteria set out under each such procurement are satisfied).
- (b) This LLT(e) RFP is not in any way intended to preclude, restrict or otherwise discourage any Proponent from proceeding with the development of facilities or resources outside the scope of the IESO's procurement processes.

5.9 Governing Law

This LLT(e) RFP shall be governed by and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein. Each Proponent submits to the exclusive jurisdiction of the courts of the Province of Ontario situated in Toronto.

5.10 Reserved Rights

Notwithstanding any other provision of this LLT(e) RFP, the IESO reserves the right to:

- (a) request written clarification or the submission of supplementary written information from any Proponent and incorporate the response to that request for clarification into the that party's submission;
- (b) meet with some or all Proponents to discuss aspects of their submissions;
- (c) verify with any Proponent, or with a third party, any information set out in a submission;
- (d) contact any party providing financing, including obtaining information on such party whether directly from the party or a third party;
- (e) disqualify any Proponent whose submission contains misrepresentations or any other inaccurate or misleading information;
- (f) waive any informality or irregularity at the IESO's Discretion;
- (g) disqualify any Proponent or the submission of any such party who has engaged in conduct prohibited by this LLT(e) RFP;
- (h) make changes, including substantial changes, to this LLT(e) RFP in the manner set out in this LLT(e) RFP;
- (i) cancel this LLT(e) RFP process at any stage;

- (j) cancel this LLT(e) RFP process at any stage and issue a new process for the same or similar deliverables;
- (k) reject any or all Proposals at the IESO's Discretion;
- (l) accept Proposals in excess of the Total Target Annual Energy;
- (m) accept any Proposals for which the Fixed Price is in excess of the threshold set out in Section 4.4(b); or
- (n) if only one Proposal is received, elect to accept or reject it.

and these reserved rights are in addition to any other express rights or any other rights which may be implied in the circumstances, and the IESO shall not be liable for any expenses, costs, losses or any direct or indirect damages incurred or suffered by any Proponent, or any third party resulting from the IESO exercising any of its express or implied rights under this LLT(e) RFP.

By submitting a Proposal, the Proponents authorizes the collection by the IESO of the information set out under Sections 5.10(c), 5.10(d), and 5.10(e) above.

Days of the date on which the Proponent was given the LLT(e) Contract to sign, to execute and deliver the LLT(e) Contract or to deliver a new Completion and Performance Security to the Beneficiary or otherwise confirm that the Proposal Security be converted into and held by the Beneficiary as the Completion and Performance Security] and therefore the Beneficiary is entitled to draw upon the Credit in the amount of the draft attached hereto.”;

or

- (ii) “The Supplier is in breach of, or default under, the LLT(e) Contract, and therefore the Beneficiary is entitled to draw upon the Credit in the amount of the draft attached hereto.”

Drafts drawn hereunder must bear the clause “Drawn under irrevocable and unconditional Standby Letter of Credit No. [●] issued by [Issuing Bank Name] dated [Issue Date].”

Partial drawings are permitted.

This Letter of Credit will automatically extend for additional, successive terms of one year each (each an “**Additional Term**”), unless the undersigned provides the Beneficiary with written notice, at least 60 days prior to the expiration date of the then current term, that it does not wish to extend this Letter of Credit for an Additional Term.

We engage with you that all drafts drawn under and in compliance with the terms of the Credit will be duly honoured, if presented at the counters of [Issuing Bank Name/Address] at or before [Expiry Time] (EST) on or before [Expiry Date], as extended.

The Credit is subject to the International Standby Practices ISP 98, International Chamber of Commerce Publication No. 590, and as to matters not addressed by ISP 98, shall be governed by the laws of the Province of Ontario and applicable Canadian federal law, and the parties hereby irrevocably agree to attorn to the non-exclusive jurisdiction of the courts of the Province of Ontario.

This Credit is transferable at the written request of the Beneficiary, without the consent of the Applicant, but subject to consent of the issuing financial institution, acting reasonably. All fees incurred by the issuing financial institution in relation to such transfer shall be at the Applicant’s expense, but failure of the Applicant to pay such fees shall not restrict the ability of the Beneficiary to transfer the Credit.

In the event of a transfer of this Credit as provided for above, the above name of the Beneficiary will be amended to another entity by way of an amendment hereto, without the consent of the Applicant, and upon receipt by [Issuing Bank Name] of the Beneficiary’s dated and signed letter addressed to [Issuing Bank Name] and completed as follows:

“We, the undersigned Beneficiary to [Issuing Bank Name] Letter of Credit No. [●], hereby waive all our rights under the Letter of Credit and request that the current name and address of the Beneficiary thereunder be amended to read [insert name and address of new Beneficiary]. We have enclosed the original Letter of Credit and all amendments (if

any) thereto. Please forward the original Letter of Credit and all amendments (if any), including the current amendment to the [new **Beneficiary**], care of the Applicant.”
