Getting Started

Disclaimer

This document shall be used for guidance purposes only and does not amend the microFIT Contract or microFIT Rules under any circumstances. In the event of a discrepancy between this guidance document and the microFIT Contract or microFIT Rules, the microFIT Contract or microFIT Rules, as applicable, will prevail. Nothing in this document shall be binding on the IESO.

A microFIT Contract is not automatically assigned when the real estate property containing a microFIT Facility is sold or otherwise conveyed. Further, any change or addition to the Supplier named on a microFIT Contract requires the completion of the IESO's microFIT Contract Assignment Process.

The microFIT Contract Assignment Process requires the participation of both the current Supplier (the "Assignor") and the prospective new Supplier (the "Assignee"), and must be completed through the IESO's online contract management portal, Beacon. The following steps will guide the Assignor in completing the Contract Assignment Request.

Before you Begin:

Before an Assignor can assign a microFIT Contract, the following must be completed by the Assignee:

- The Assignee must register for a Beacon account and register a Supplier;
- The Assignee must provide their Supplier ID and Supplier Legal Name to the Assignor;
- The Assignee must set-up a Generator Account with their local distribution company, and
- The Assignee must be an Eligible Participant, as defined in the applicable Eligible Participant Schedule.

Also, please be sure to <u>download any applicable Contract documents</u> you would like to retain for your records, as these will not be available to you once the microFIT Contract Assignment request is **completed**.

Execute microFIT Contract Novation and Assignment Agreement (Assignor)

Once the Assignee's portion of the microFIT Contract Assignment has been verified by the IESO, a Contract Novation and Assignment Agreement is generated for the Assignor and Assignee to review and accept. The following instructions will guide the Assignor through the steps.

Procedure

After logging in to Beacon, select the MY TASKS tab. Select Execute Agreement
[Assignor] for the Request that you want to review. This brings you to the Execute Assignor
Agreement for Contract Assignment page.

Active Requ	uest Tasks In-Progress				
Request ID	Request Type	Status	Source	Active Task	Status

- 2. To begin working on the task, select **ACCEPT**. Click **View Novation Agreement** to download and view the pdf version of the Contract Novation and Assignment Agreement.
- Once you have reviewed the Novation Agreement and have chosen to accept the Contract Assignment, select Execute Agreement – Assignor. Please carefully review and check off all of the acknowledgement statements in order to proceed.

Note: Be sure to complete all acknowledgments in order to continue.

4. Select Execute Agreement – Assignor.

5. Once both the Assignor and Assignee have individually completed the Execute Agreement task, it is returned to the IESO for a final review. If no further action is required, you will receive a notification from the IESO that provides the final outcome of the Request.
