Subject: Electricity Planning in South Georgian Bay/Muskoka – Upcoming Webinars

Electricity planning is underway for the [South Georgian Bay/Muskoka](#) region to develop long-term plans for the [Barrie/Innisfil](#) and [Parry Sound/Muskoka](#) sub-regions. Engagement webinars are being held to provide an overview of electricity planning activities for each sub-region, and seek feedback on the electricity demand forecast and early needs identified.

To register for webinars, please email engagement@ieso.ca and indicate which webinar you would like to participate in:

[Parry Sound/Muskoka webinar on September 8 at 10:00 a.m.](#)

[Barrie/Innisfil webinar on September 9 at 10:00 a.m.](#)

Feedback is also being sought on the proposed approach to engagement to help inform the development of an Integrated Regional Resource Plan (IRRP) for each area, expected to be posted in Q2 2022.

All interested parties are encouraged to participate. Materials will be posted on the regional electricity planning engagement web pages in advance – [Barrie/Innisfil](#) and [Parry Sound/Muskoka](#), and written comments will be invited for three weeks following the webinar.
