

Southwest Regional Electricity Forum

Tuesday, March 24, 2020

UPDATE

WEBINAR OR TELECONFERENCE ONLY

Agenda

Meeting objective: Convene the newly established Southwest Regional Electricity Network and provide information to support and build upon an ongoing dialogue on issues of interest to the communities within Southwest Ontario.

1 p.m.	Welcome Susan Harrison, Supervisor, Regional and Community Engagement, IESO	<i>Learn about the newly launched regional electricity networks.</i>
1:15 p.m.	Overview of IESO and Ontario's electricity system Terry Young, Vice President, Policy, Engagement and Innovation, IESO	<i>This session will provide an overview of IESO system and market operations and how the IESO's work in energy efficiency and innovation are driving changes in planning the electricity system at the provincial, regional and local level.</i>
1:45 p.m.	Provincial electricity planning – Update Chuck Farmer, Senior Director, Planning, IESO	<i>This session will provide an update on the current status of Ontario's electricity plans and seek input on ways the Southwest Regional Electricity Network might stay informed or contribute to future planning.</i>
2:15 p.m.	Assessing resources to meet Ontario's electricity needs Mike Risavy, Manager, Reporting and Economic Analysis, IESO	<i>The IESO performs economic assessments for determining low cost solutions to meet electricity needs. Get a behind-the-scenes look at how the IESO considers the many options available, ensuring that the most cost-effective solutions are implemented.</i>

Southwest Regional Electricity Forum

2:45 p.m.	Southwest regional electricity planning update Bob Chow, Director, Transmission Planning, IESO	<i>Planning the electricity system for southwestern Ontario is an iterative and collaborative effort. Learn how the IESO accounts for the diversity of needs and unique characteristics of this part of Ontario, and how communities can provide their input to help shape their electricity future.</i>
3:15 p.m.	The future of the Southwest Regional Electricity Network Terry Young, Vice President, Policy, Engagement and Innovation, IESO	<i>What are the goals, priorities, objectives and expectations of the Southwest Ontario Network? Take this opportunity to share your thoughts about what you want to see moving forward as a network member.</i>
3:30 p.m.	Wrap Up
