Regional electricity planning has advanced for the GTA East electrical region. Regional planning looks at the unique needs of each region and considers wire and non-wire options and innovative resources to meet the needs. The GTA East region extends from Lake Ontario northward to the southern parts of Scugog and Uxbridge, and includes the municipalities of Pickering, Ajax, Whitby, Oshawa and parts of Clarington within Durham Region.

On Monday, April 20 from 1:00 p.m. to 2:30 p.m., the IESO will host a webinar to share the electricity needs for the GTA East region and seek your early feedback on the initial screening of potential options. [Register to participate](#) in the April 20 webinar. Materials will be available in advance and written comments will be welcomed until May 11 to [engagement@ieso.ca](mailto:engagement@ieso.ca). Upon registration, you will receive an email confirmation containing a calendar invitation with meeting details. We encourage you to save this invitation to your calendar to ensure you have the access to the event details.

Visit our website to learn more about the [GTA East Region](#) and the [regional electricity planning process](#). All interested parties are invited and encouraged to participate including, but not limited to, Indigenous communities, local municipalities, businesses, stakeholders and members of the general public.

Kind Regards,
