

The final [London Area Scoping Assessment Outcome Report](#) is now posted following a two-week comment period.

The report details the need for a coordinated regional planning approach and development of an electricity plan – Integrated Regional Resource Plan (IRRP) – for the London Electrical Area.

Engagement will continue throughout the development of the plan with more details to follow. The [London Area engagement webpage](#) continues to be a source of ongoing information related to the regional electricity planning activities, including any upcoming engagement opportunities. The IESO looks forward to further engagement with communities and stakeholders on this electricity planning initiative.

Visit our website to learn more about the [London Area](#) or for more information about the [Regional Electricity Planning Process](#).
