

**From:** [IESO Community Engagement](#)  
**Subject:** IESO Webinar | North of Dryden Addendum Study  
**Date:** July 10, 2025 4:12:38 PM

---

**Regional electricity planning for the [North of Dryden Addendum Study](#) has advanced.** Regional planning looks at the unique needs of local areas and considers options and innovative resources to meet the needs. Your input will inform this important work. The North of Dryden sub-region generally includes the area extending northward from Dryden to the towns of Ear Falls, Red Lake, Pickle Lake, and surrounding areas. This study will be included as an Addendum to the [Northwest Integrated Regional Resource Plan](#) (“NW IRRP”) that was originally published in 2023.

On **Wednesday, July 30, 2025, from 2:00 p.m. to 3:30 a.m. EST**, the IESO will host a webinar to share the results of the options analysis and draft recommendations and to seek your feedback. [REGISTER](#) here to participate. Materials will be available in advance and written comments will be welcomed until **August 13** to [engagement@ieso.ca](mailto:engagement@ieso.ca).

Upon registration, you will receive an email confirmation containing a calendar invitation with meeting details. **We encourage you to save this invitation to your calendar to ensure you have the access to the event details.** All interested parties are invited and encouraged to participate including, but not limited to, local municipalities, Indigenous communities, businesses, stakeholders and members of the general public

Visit our website to learn more about the [North of Dryden Addendum](#) and the [regional electricity planning process](#).
