From: IESO Community Engagement

Subject: You're Invited – Regional Electricity Planning in Northwest Ontario Webinar #2 – December 3, 2026

Date: November 17, 2026 10:01 A.M.

Regional electricity planning for the Northwest Ontario electrical region has advanced. Regional planning looks at the unique needs of local areas and considers options and innovative resources to meet the needs. Your input will inform this important work.

On **December 3, 2026** from **1:30 p.m. to 2:30 p.m. EST**, the IESO will host a webinar to share the **drivers of regional demand growth, identified electricity needs, and screening and assessment of potential options being considered to address those needs.**

Please register here for this webinar.

As part of regional planning, the IESO evaluates a range of potential solutions, including physical infrastructure investments and non-wires alternatives, to determine the most effective and cost-efficient approach to ensure reliability and meet the region's long-term electricity needs. Participants will gain insight into the challenges and opportunities shaping the region's electricity future and provide feedback on the options being considered. Materials will be made available in advance.

Upon registration, you will receive an email confirmation containing a calendar invitation with meeting details. **We encourage you to save this invitation to your calendar to ensure you have the access to the event details**.

Visit our website to learn more about the Northwest Ontario electrical region. For information about the regional electricity planning process visit the IESO website and explore the digital guide, From Demand to Development: How the IESO Plans the Electricity System.
