What are some of your key developments, projects or initiatives that might be considered in developing the electricity demand forecast?	We represent Boundary Waters Anishinaabeg Development LP, who are proposing to develop an 840 MW, 10 hour pump storage facility on the site of the Steep Rock mine, north of Atikokan.

<p>Please tell us about any local electricity concerns that you may be experiencing.</p>	<p>Adequacy of the transmission system to facilitate both integration of energy storage and increased exports to the MISO and Manitoba systems.</p>
<p>Upon reviewing the draft engagement plan, what information do you need to participate in this engagement?</p>	<p>All's good. Please keep up the good communications!</p>

General Comments/Feedback

The May 20, 2021 session was very well run and informative.
