## Regional Electricity Planning in the Peterborough to Kingston Electrical Region – October 2, 2025

### Feedback Provided by:

Name: Scott Pordham

Title: Policy Coordinator

Organization: Prince Edward County

Email:

Date: Sept 16, 2025

To promote transparency, feedback submitted will be posted on the Peterborough to Kingston Electrical Region [engagement webpage](#) unless otherwise requested by the sender.

Following the Peterborough to Kingston electricity planning engagement webinar held on Thursday September 11, 2025, the Independent Electricity System Operator (IESO) is seeking feedback on the draft electricity demand forecast scenarios and the proposed engagement plan. A copy of the presentation as well as the recorded webinar can be accessed from the [engagement web page](#).

Local considerations and feedback are a critical component to the development of an Integrated Regional Resource Plan (IRRP). As this phase of the IRRP provides opportunity to determine the electricity demand forecast scenarios and the engagement strategy in the region the IESO wants to hear from you.

What additional information, if any, should be incorporated in the proposed scenarios?	Click or tap here to enter text.
How can the proposed scenarios best capture the range and uncertainty of growth potential while informing near-term infrastructure investments?	Click or tap here to enter text.
What areas of concern or interest about electricity should be considered as part of the planning process?	Click or tap here to enter text.
What information is important to provide throughout the engagement? Does the proposed Engagement Plan provide sufficient scope and opportunities for input? What other engagement activities or methods should be considered?	Click or tap here to enter text.

## General Comments/Feedback

Please consider Ministerial Zoning Orders (MZOs) as they are released by the province. An MZO was recently issued by the province related to the redevelopment of Base 31 in Prince Edward County. The development is expected to accommodate about 10,000 people and businesses. An MZO is also expected in the coming months for the redevelopment of Picton Terminals.
