Subject: September 28 Engagement Webinar: Peterborough to Kingston Regional Electricity Planning

The IESO will host a public webinar on September 28 at 10:00 a.m. to provide an update on the long-term electricity plan – Integrated Regional Resource Plan (IRRP) – for the Peterborough to Kingston region, and to discuss and seek feedback on the options examined and resulting recommendations to meet local needs. This will be the final webinar as part of the [engagement initiative](#) to finalize the IRRP in early November 2021.

Webinar materials will be available in advance and written comments will be invited until October 19. To register for the September 28 webinar, please email engagement@ieso.ca.

The Peterborough to Kingston region is defined on electrical infrastructure boundaries, and includes Frontenac County, Hasting County, Northumberland County, Peterborough County, Prince Edward County, and parts of Lennox and Addington County, and related municipalities.

All interested parties are invited and encouraged to participate including, but not limited to, local municipalities, Indigenous communities, businesses, stakeholders and members of the general public. For additional details on this engagement initiative, please visit the Peterborough to Kingston regional electricity planning [engagement web page](#).

Thank you,

Amanda Flude
