Subject: Posting of Final Regional Planning Document for Renfrew Region

The final Renfrew Region Scoping Assessment Outcome Report is now [posted](#) following a three-week comment period.

The report details the need for a more comprehensive Integrated Regional Resource Plan (IRRP) and includes the terms of reference that outlines the timing and details of the work to develop a 20-year electricity plan for the region.

Engagement will continue throughout the development of the IRRP with more details to follow. The [engagement webpage](#) continues to be a source of ongoing information related to the Renfrew regional planning activities, including any upcoming engagement initiatives. The IESO looks forward to continuing to engage with communities and stakeholders on this electricity planning initiative.

For more information about the regional electricity planning process, please visit <http://www.ieso.ca/en/get-involved/regional-planning/about-regional-planning/how-the-process-works>

To stay informed about electricity planning in the Renfrew region, please [subscribe](#) for updates. To be part of a broader discussion on electricity matters and priorities in Eastern Ontario, [join](#) the IESO's East Regional Electricity Network.
