uncertainty of growth potential while informing near-term infrastructure investments?	only lands for significant employment growth are in the expansion area in South Alliston. The Province is continuing to work on potential priority projects which are outside of the OPA5 expansion lands and would represent additional population growth. There is no certainty at this time as to when any decisions will be made by the Province on those potential initiatives.
What areas of concern or interest about electricity should be considered as part of the planning process?	Once the planning process approvals are in place for lands to accommodate forecasted population and employment growth, the Town expects to see a significant increase in development activity and building permits. Some additional capacity of water from the Collingwood plant upgrades is already available.
