

The final [South Georgian Bay/Muskoka Scoping Assessment Outcome Report](#) and [the IESO's Response to Feedback](#) is now posted following a two-week comment period.

The report details the need for a coordinated regional planning approach and development of an electricity plan – Integrated Regional Resource Plan (IRRP) – for the South Georgian Bay/Muskoka electrical region.

Engagement will continue throughout the development of the plan with more details to follow. The [South Georgian Bay/Muskoka engagement webpage](#) continues to be a source of ongoing information related to the regional electricity planning activities, including any upcoming engagement opportunities. The IESO looks forward to further engagement with communities and stakeholders on this electricity planning initiative.
