To promote transparency, feedback submitted will be posted on the [Toronto engagement webpage](#) unless otherwise requested by the sender.

Following the Toronto regional electricity planning webinar held on February 16, 2023, the Independent Electricity System Operator (IESO) is seeking feedback on the [draft Scoping Assessment Outcome](#) Report posted on the IESO's [website](#). The draft report and webinar presentation, which provides an overview of these feedback requests, can be accessed from the [engagement webpage](#).

**Please submit feedback to [engagement@ieso.ca](mailto:engagement@ieso.ca) by March 2, 2023.** If you wish to provide confidential feedback, please submit as a separate document, marked "Confidential". Otherwise, to promote transparency, feedback that is not marked "Confidential" will be posted on the engagement webpage.

Topic	Feedback
What additional information should be considered as part of the Scoping Assessment?	Continued updating on the Transmission planning and requirements. Capacity being created and forecasted for how many years?
What other considerations should be made regarding the areas identified as requiring further study through a regional planning approach based on local developments?	Substation locations updates. Connections from new underground tunnels and existing overhead lines.
What other areas or specific considerations should be examined through regional planning?	Will there be requirements for BESS, Solar, and Wind opportunities or requirements.

## General Comments/Feedback

Great presentation.

Nice to keep informed on the various regional needs and plans.
