

Resolution of the Board of Directors
Independent Electricity System Operator

April 25, 2025

In Respect of Urgent Market Rule Amendments

CONCERNING MR-00486-R00: Corrections to the Day-Ahead Market Balancing Credit and Real-Time Make-Whole Payment, which are market rule amendments to correct two errors relating to the settlement of the Day-Ahead Market Balancing Credit and Real-Time Make-Whole Payment.

WHEREAS this proposal aligns the market rule provisions for the Day-Ahead Market Balancing Credit and Real-Time Make-Whole Payment with the intended design and implementation of the IESO's settlement tools;

WHEREAS in the opinion of the IESO Board of Directors, this proposal is urgently required to "avoid, reduce the risk of or mitigate the effects of an unintended adverse effect of a market rule" prior to the transition to the renewed market, and therefore satisfies the requirement for urgent amendments set out in the *Electricity Act, 1998*;

BE IT RESOLVED THAT the IESO Board of Directors approves MR-00486-R00: Corrections to the Day-Ahead Market Balancing Credit and Real-Time Make-Whole Payment to come into effect upon publication.
