PART 3 – EXPLANATION FOR PROPOSED AMENDMENT

Provide a brief description of the following:

- The reason for the proposed amendment and the impact on the *IMO-administered markets* if the amendment is not made
- Alternative solutions considered
- The proposed amendment, how the amendment addresses the above reason and impact of the proposed amendment on the *IMO-administered markets*.

It is proposed to amend the Market Rules to permit the IMO or the IMO Board (including committees) to use or disclose otherwise confidential information during deliberations when a market participant is being suspended, terminated or disconnected or when holding a show cause hearing or other types of hearings. It is also proposed that the IMO Board commence rather than conduct a show cause hearing within 7 days of the request for a show cause hearing as 7 days does not provide the IMO Board with enough time to conduct a hearing (please refer to MR-00217-R01).

At its meeting on December 13, 2002 the IMO Board approved the Board process governing hearings. These hearings would be held at the request of a market participant. In approving the process, the IMO Board identified difficulties with using the current market rules

The IMO Board identified that the IMO or the IMO Board (including committees) may need to use or disclose confidential information when it is suspending, terminating, or disconnecting a market participant or holding a show cause hearing or other types of hearings and that currently the market rules do not permit this. The ability to use or disclose this information will allow the IMO or the IMO Board (including committees) to ensure that market participants are afforded a full and fair hearing.

The IMO Board also identified that, under the existing market rules (ch 3 sections 6.3.7C), where a market participant has requested a hearing to show cause why a suspension order or disconnection order, or both should not be issued, the IMO Board or a committee of the IMO Board must within 7 days of the date of receipt of such request, conduct a show cause hearing. However, this means that a hearing must be completed within the 7-day time frame. In almost all circumstances, this will not be achievable since show cause hearings may last many days depending on the volume of material submitted by both parties involved or the complexity of the hearing. It is entirely likely that the hearings cannot be completed in a 7 day time frame.

The following amendments are proposed:

- Add to Chapter 3 a new provision, section 5.3.1.5A, which extends the provision regarding the permitted disclosure, use or reproduction of confidential information to include “the issuance of suspension, termination or disconnection orders in respect of one or more market participants and any show cause hearings in respect thereof under section 6.3, 6.4 or 6.5, the revocation of the registration in respect of one or more metering service providers and any show cause hearings in respect thereof under Chapter 6, section 5.3 or other hearings before the IMO Board or a committee established by the IMO Board for any purpose”.
- In Chapter 3, section 5.3.3, include a reference to the proposed provision in section 5.3.1.5A. Section 5.3.3 states that prior to disclosing confidential information, the person affected by the request or demand to disclose confidential information must be notified. It is appropriate that this section apply where confidential information is disclosed for the purpose of suspension, termination, disconnection or show cause hearings or other types of hearings.
- In Chapter 3, section 6.3.7C change the obligation for the IMO Board to “commence” rather than “conduct” a show cause hearing within 7 business days of the request (please refer to MR-00217-
